On Tues., 7-23-91, I, Det. KENNEDY, on Squad 126, along with Det. Michael DUBIS, responded to 924 N. 25th St., #213, to investigate. Upon our arrival, we were met by Squads 31-P.O. RAUTH and MUELLER, who state that at approximately 11:25PM, they were flagged down by an individual who had a handcuff on and stated that a man had threatened him with a knife in Apt. #213 at the apartment building 924 N. 25th St. They state that at this time, they proceeded to that apartment and upon knocking on the door, they were allowed to enter the suspect's dwelling and began to question him. During questioning, they state they observed several polaroid photographs which showed mutilation of human bodies and human heads. They state at this time they placed the individual under arrest for the attempted homicide regarding the individual, Tracy EDWARDS, who flagged them down previously and called for the CIB.

At this time I rode along with the suspect, Jeffrey L. DAHMER in Squad 93, down to the CIB. Once at the CIB, I advised Jeffrey L. DAHMER of his constitutional rights and he stated that he fully understood them and that he wished to freely make a statement regarding the incident. At this time Mr. DAHMER states that he is 31 years of age, born in Milwaukee, WI. He states he moved to Richfield, Ohio, when he was about 6 years old and he was raised there and attended and graduated from Revere High School. He states he spent three years in the army after graduation and moved back to Milwaukee when he was approximately 23 or so years old. He states he has one brother, 26, living in Cincinnati, and his grandmother on his father's side lives in Milwaukee. Subject states he was raised in the Protestant faith as he was growing up, but he now considers himself to be an atheist. He admitted that he had been arrested in the past and states he is currently on probation for taking polaroid pictures of a minor. Subject states that when he was 18 years of age and living in Richfield, Ohio, he picked up a hitchhiker whom he described as a white male about 19 years of age. He states he took him home and had homosexual sex with him and states they were drinking beer and became intoxicated. He states they got into a physical fight because the 19-year old individual tried to leave and that during the fight, he states he struck the hitchhiker with a barbel. He states that the blow of the barbel caused the death of the hitchhiker, and at this time he took

consumed this biceps was because it was big and he wanted to try it. He then stated he didn't want to talk about it any more. He also stated he would masturbate in front of the body parts and skulls he had collected because it brought back memories of the victim. He stated he would put these body parts in formaldehyde and he would boil the skulls to get rid of the skin. He stated he also spray painted several of the skulls. (This will be reflected on a spearate supplementary report.)

He stated of all the victims he killed, which he believed to be in the vicinity of possibly 15, he did keep three skulls. He stated one of the skulls was from the victim in Ohio and then there were two others of black males. He stated he put these two skulls in acid and got rid of them that way. He stated the total length of time that this occurred was for about six years he believed. He stated the type of pills he used to put the victims to sleep prior to him strangling them, were sleeping pills which he had obtained from a Dr. HONG. He stated the reason that he killed these homosexuals and he stated they all were homosexuals, was because he wanted to be with them. He stated he kept the skulls of the good looking ones because he didn't want to loose them. He also stated that he felt he could hang on to them if he would in fact kill them and keep their skulls. He stated the last three skulls that were in the refrigerator and not boiled, belonged to his last three victims.

At this time Mr. DAHMER stated he was tired and he wished to get some rest. He was then taken to the City Jail.

On Tuesday, 07-23-91, I, <u>Detective KENNEDY</u>, of Squad 126, while investigating the above incident and filing reports down on the 4th fl., of the CIB, was given a message, by the head jailer in LUCAD, that the suspect in this offense, one <u>Jeffrey DAHMER</u>, had requested to speak with me again.

At this time I proceeded to the 5th fl., LUCAD lock up, where I went to the cell, where DAHMER, the suspect was sitting. At this time I asked if he had in fact requested to see me again, and he stated "yes I did". At this time myself and Det. Dennis MURPHY, escorted DAHMER back down to the 4th floor, CIB, to an interview room, where we conducted the following investigation. At this time DAHMER stated that he wish to talk to us about an additional two Homicides that he forgot to mention in the original interview. This information was given to Det. MURPHY, and he will file a separate detailed supplement regarding this.

Also during this interview I asked DAHMER what substance was sprayed on some of the skulls, which were found in his apartment, as the Medical Examiners stated there appeared to be a paint like substance on three of the skulls. To this DAHMER stated he had gone to the Pallette Shop, which is an Art Store, located on South Water St. He states at the store he purchased some enamel spray paint, type of color being fake granite. When asked why he used this spray paint on the skulls, he stated he sprayed them in order to give them an artificial look, in case someone would see them, they would feel they were not real. Upon asking him which skulls he did spray, he stated the black male which he met on 27th St., was one of the skulls, the mixed mulatto male which he met at LaCage, on West National, was the 2nd skull sprayed and a black male prostitute which he picked up in front of 219 S. 2nd was the 3rd skull he sprayed. At this time I also questioned DAHMER, regarding the numerous boxes of Soilex, which is a cleansing powder that was found in his apartment. To this he stated that he used the Soilex, along with a water solution to boil the heads which he had decapitated from his victims. He stated the Soilex would effectively boil off the skin and hair from the skulls, in about an hours time. He also stated one of the torsos that he had taken from a victim, he had also boiled in a large kettel, which he kept in the Soilex. At this time I also questioned DAHMER regarding the Homicide investigation of Dean VAUGHN, who also resided at 924 N. 25th St., on the 3rd

floor. To this <u>DAHMER stated</u> that he recalled several months ago, a Detective coming to his apartment to question him regarding the <u>Dean VAUGHN Homicide</u>. He states, he in no way had anything to do with this. He states when the Detective came to his door, he felt that he was sure he was going to be apprehended for the numerous Homicides, which he has already admitted to. However, when the Detective began speaking of a black male, by the name of Dean VAUGHN, he was relieved, as he knew he had nothing to do with that and he told the Detective so. He states he had nothing to do with the VAUGHN Homicide and since he has already admitted to several other Homicides, he would not be afraid to admit if had participated in that offense. At this time there was one other question, which I asked DAHMER and that was pertaining to the fact, that numerous types of ether were found in his apartment, and to this he stated that he had brought the ether in an attempt to use it on some of his victims, after he had drugged them, to attempt to keep them in a sleep like state longer, however, he stated that the ether did not work very well and only made them slightly intoxicated or high, and didn't put them to sleep.

At this time my part of the interview of DAHMER was terminated.

On Tue., 7-23-91, we, Det. Dennis MURPHY and Patrick KENNEDY, were requested by the suspect to come to the jail so he could give us additional information regarding our investigation. We proceeded to that location, where Mr. Jeffrey DAHMER, was taken from the jail to the interview room at the CIB, where he stated that he had more information regarding other homicides. We advised Mr. DAHMER of his Miranda rights, which he stated he understood and he stated, "I've told you everything already. I have nothing to hide, so I might as well tell you about these ones I forgot."

He stated there was one more Hispanic male that he met in Chicago about two weeks ago, just after the 4th of July and he stated this Hispanic male was about 25 years old and he met him at Carol's, a gay bar on Wells St. He stated he and this Hispanic male then took a Greyhound back to Milwaukee and the Hispanic male stayed two days. He stated he does not recall his name, it may have been Tony, but he is not sure. He stated that after the first day, they had oral sex with each other and got along together.

On the second day the Hispanic male stated he was going to be leaving, at which time the defendant, Jeffrey, stated he did not want him to leave, so he gave him sleeping pills in the coffee in order to keep him there. He stated that after he passed out, he then strangled the Hispanic male and dismembered and put his head in the refrigerator. He stated he did not boil the head and when he would boil the heads, he would use "Soilex" to boil the heads. He stated he also had purchased a 57 gallon drum, in which he put the torsos of three of his victims. He stated he even sprayed some of the skulls with spray paint so they looked artificial. Mr. DAHMER stated he purchased the spray paint from an art shop on Water St.

I then questioned him regarding the torsos in the 57 gallon tank and he stated one was that of the Hispanic male from Carol's bar, one was from the black male on 27th St. and the third one was from the black male he met at the bus station in Chicago. I informed him there was a skeleton recovered in his apartment and he stated that was from the black male he met in front of the bookstore approximately one year ago.

Mr. DAHMER further stated he would cut off the penis and body parts, and put them in formaldehyde to perserve them and then look at them and masturbate for gratification. He further stated he had experimented with ether to put the people asleep, but it didn't

work. Regarding the other six torsos that apparently are missing and that can not be accounted for by the amount of heads that were discovered in the apartment, he stated that these torsos had been placed in acid and were eaten away and then flushed down the toilet when they became "sludgy."

Mr. DAHMER then stated he remembers another victim, and his homicide occurred about five months ago and this was a black male about 20 years old who he met at 27th and Wisconsin. He stated he got this individual to pose for him, gave him a drink and then cut off his skin. He eventually put the skin in acid. He stated he skinned the entire body and then boiled the skull of this individual and subsequently disposed of the body in plastic bags after dimembering same. He stated that when he would strangle his victim, he used his hands and about four times he used a black strap, leather type, that he had bought for that specific purpose.

Regarding his activities upon joining the Army, he stated he joined in 1979, was discharged in March of 1981, stationed in Braunhold, Germany. He stated after that he went to Florida for a year, returned to Bath, Ohio, in March of 1982, and stayed for four months. He then returned to the residence of his grandmother at 2357 South 57th St. He stated he had originally said the killings started in 1984, but to the best of his recollection, he believes these killings started in 1987. Mr. DAHMER stated that this was all he could remember at this time and if he does recall any further information, he will contact either myself or Det. KENNEDY. He stated these are the only homicides he can recall being involved in at this time.

While questioning Mr. DAHMER regarding the sledgehammer he used to break up the bones of his victims while he was living at his grandmother's house, he stated the sledgehammer was kept in the garage and had a grey handle. I was subsequently informed by Det. FARMER that they recovered a sledgehammer in the garage and upon Det. FARMER returning to the CIB with the sledgehammer, it was shown to the defendant and upon viewing it, stated this is the sledgehammer he used to break up the bones of the victims at 2357 South 57th St. This sledgehammer will be placed on inventory by Det. FARMER.

On Wednesday, 7-24-91, I, Det. KENNEDY, Squad-126, along with Det. Dennis MURPHY, were requested at approximately 8:30Aby the suspect in this offense, Jeffrey DAHMER, to speak with him.

At this time I proceeded to the 5th floor, LUCAD, where I infact asked the suspect, Jeffrey DAHMER, if he had requested to speak with me at which time he stated he did. I took him with me fromthe 5th floor down to an interview room at the CIB, where we again began to speak of the offense.

During this time Jeffrey DAHMER stated that he wished to speak slightly regarding earlier years of his life in Ohio.

At this time he states that he remembers his early family life as being one of extreme tension. He states the tension came from the relationship that existed at that time between his mother and his father. He stated although he was not physically or sexually abused and he did not witness any physical abuse from his parents, he stated that they were "constantly at each others throats" and arguing. He states that his mother appeared to have some psychiatric problems and had infact suffered a nervous breakdown at one time during his early childhood. He states that she was on medication and had been seeing a doctor much of the time. He states that he was advised by relatives that his mother suffered severe Post-Partum Depression after he was born, and he took that as an indication that he was at least partially the problem for his parents bad marital state. He states that he believes his mother became depressed after his birth and never quite fully recovered, and thereby he states he felt a certain amount of guilt in regard to the bad marriage of his parents.

He states that when he was approximately 18-yoa., is when a divorce occurred between his mother and his father, and at this time his mother moved to Chippewa Falls, WI., and his father had been court ordered to stay out of the house and had moved to a motel which was several miles from the house. He states at this time his mother took his younger brother, who was approximately 6-years younger than him when she moved out and that he was left all alone at the house in Richfield, Ohio.

He states that it was at this time when he started to have strong feelings of being left all alone, and that it was at this time that he remembers having strong desires

of not wanting to have people leave him. He stated it was also at this time that he began hating to sleep alone at night. He further indicates that it was around this time in his life that he became familiar with alcohol, and that he immediately became a heavy drinker and abused alcohol on a regular basis. When he went into the Army, he indicates that his alcohol intake increased, and that he was actually released 6-months early from the Army because of abuses of alcohol. He states that he was a Field Medic while he was serving in the Armed Forces.

The suspect, Jeffrey DAHMER, states that he began having fantasies of killing people at the early age of 17 or 18. He states although these fantasies were fleeting, he feels that he had the fantasies to overcome the feelings he had of frustration and emptiness which he felt were in his life.

He states that after he moved to Milwaukee in 1981, the fantasies of killing people began to excite him and became more frequent.

Regarding his victims, he states that he received physical pleasure from being with the victims when they were alive and he would have preferred that the victims remained alive; however, he states that it was better to have them with him dead than to have them leave. He states that when he felt when they were to leave, that is when he would decide to kill them.

Regarding the fact that he stated that he had infact eaten the parts of one of his victims, he states that he feels that by eating parts of the victim, this was his way of keeping them with him even longer and making his victims part of himself.

At this time Jeffrey DAHMER answered other questions put to him by Det. MURPHY, and he will file a detailed supplementary regarding that part of this interview.

On Wednesdasy, 7-24-91, at approximately 8:30 A.M., I, along with <u>Det. Patrick</u> KENNEDY, were notified by the jail that the suspect in this offense, <u>Jeffrey DAHMER</u>, requested to speak to us regarding this investigation.

We proceeded to the County Jail where he was taken from the cell and conveyed Room #407 at the CIB, where he was re-interviewed by us. We informed Mr. DAHMER of his "Miranda Rights", and he stated he knows his rights, but he just wants to talk to us regarding this investigation.

We then talked to him regarding his childhood and family status and a supplementary report will be called in reflecting his statements to these questions.

We asked Jeffrey some additional questions regarding the first homicide that occurred in Bath, Ohio, and he stated that prior to that he had just started drinking when he was 17-years old. He states his friends were straight that he knew of. He states he had a friend named <u>Jeff SIX</u>, and they all smoked marijuana in high school. He states that he did not know of any friends being gay, but that he, himself had homosexual tendencies and had never gone out with a girl or had sex with any females.

He states his first homicide which occurred, he believes around October of 1978, was of a white male hitchhiker, whom he describes as 18-yoa., 5'10" tall, skinny build, maybe 150 lbs., having straight brown collar length hair, not wearing glasses, clean shaven, and he believes he was not a homosexual. He states he didn't have sex with this individual, he just invited him in for a drink, and when the individual wanted to leave that's when he hit him with a "barbell" and subsequently disposed of the body behind his residence. He states he did burn his clothes and identification.

He again went through the various places that he lived, and after joining the Army in 1979 and being discharged in March of 1981, where he was a Field Medic in the Army he moved to Miami and left about October of 1981.

He states that he then went back to Bath, Ohio, and lived there until around December of 1981 or January of 1982.

He states he then moved to Milwaukee with his grandmother from about December of 1981 or January 1982 until 1988, when he moved to 808 N. 24th St. He states he remained

there 6-months to a year, and then moved to his present address of 924 N. 25th St.

He again states that there was no homicides occurring until the one at the Ambassador Hotel, he believes in 1984, where the individual died and he subsequently took him to his grandmother's residence at 2357 S. 57th St., and there dismembered the body and disposed of the body parts.

He goes on to relate, that there was three other homicides at his grandmother's location, and the rest were at his present address, 924 N. 25th St.

He states the reason there were no homicides from 1978 to 1984 was because he was busy with what he was doing. He said he was busy in the Army and after work he'd go out drinking with the guys, and then go to bed and get up and work. He states when he went to Florida he was too busy, and when he arrived in Milwaukee he was too busy until he discovered the gay bars. He further states that he did not have a homosexual relationship while he was in the Army or in Florida. He states the first experiences started after arriving in Milwaukee and going to the gay bars. He states that he would not maintain a relationship with the individuals whom he had sex with, and most of them were one night stands. He states he enjoyed the company of these individuals, but did not like to see them go.

After the murders started, he states that being with these other homosexuals gave him pleasure and he preferred them alive, but if they wanted to leave and he couldn't have them alive then he would have them dead and that's why he would dismember them and save either their skulls or other body parts. He states that the victim, whose right bicep he had eaten, was one that he cared for and the individual had big bicepts. He stated that he put Crisco on the bicept, softened it up with a meat tenderizer, and then fried it in a skillet. He states he also saved this individuals heart in the freezer, and a portion of an arm from the black male that he had met at a bookstore about 1-year ago. He states he did intend to consume these parts.

He also states that he had killed the individuals he had anal and oral sex with the victim's after death, but not all of them. He states that when he was in high school he had fantasized about killing someone, but it did not take effect until 1978, the first time, and then later on 1984, in Milwaukee.

We asked him why he just didn't have oral or anal sex with the individuals while

they were alive and let them go, and he stated because he didn't want to loose them and that the death and dismemberment led-to the excitement and gratification. We then asked him if he had ever talked to a psychiatrist, and he stated that he talked to a Dr. CROWLEY, who works for the Social Services a couple of times, possibly 2 or 3 times, in the past month or so. He states that Dr. CROWLEY had prescribed medication for him, but he states he didn't get any because he felt he didn't need it.

He also states that he was fired from his job on July 7, 1991, and he had known the week prior that he was going to get fired and he feels this is the reason why the killings escalated because he was alone at night and did not want to be alone. He had no company and felt that these individuals would keep him company.

We were then informed by Det. Lt. David KANE that his attorney, Wendy PATRICKUS, had arrived with a psychiatrist by the name of Dr. SMAIL. Dr. SMAIL did infact interview the suspect, and when he finished the interview he informed us that the suspect wanted to talk to detectives and get cigarettes and coffee.

We then asked Mr. DAHMER if he would be willing to view the photos that he had taken; namely, the Polaroids that were recovered in his apartment and to try to identify the victims for us, and he stated that he would, and he would look at any other photos we had available of any of the alleged victims and try to make identification for us. He also stated that he will try to remember any physical descriptions of the victims to help us discover their identity.

We then informed Mr. DAHMER of the Probable Cause Hearing which would be taking effect this afternoon, and he stated that he would like to talk to us after that hearing.

On Wednesday, 07-24-91, we took the suspect, <u>Jeffrey DAHMER</u>, from his cell and conveyed him to the CIB where he met with his attorney Gerald BOYLE and his assistant, <u>Wendy PATRICKUS</u>. At that time he signed a consent form to talk with us regarding this investigation on anything related to the Wisconsin Homicides.

At approximately 4:20 P.M. we sat with Jeffrey in room 407 of the Detective Bureau and gave him cigarettes, coffee and soda and questioned him regarding the Polaroid photos that he had taken of the Homicide Victims in an attempt to make indentification of these individuals and to establish an order of the homicides and what had actually occurred. Mr. DAHMER stated that he would be glad to cooperate with us in any way.

We started with the first homicide committed in Milwaukee and he stated that it occurred in either November of 1984 or November of 1985 to the best of his recollection. He stated that he met this victim and they went to the Ambassador Hotel. He described this individual as a white male, 25 yrs, 5'6, 130 lbs, slim build, blonde hair, shoulder length straight, maybe parted in the middle, and clean shaven. He stated he was fair complected and had smooth skin and was possibly wearing jeans. He indicated that he went to the hotel with the individual, they were drinking and he gave him a drink which contained sleeping pills. When he awoke the subject was dead next to him and blood was coming from his mouth. He stated that he then put the subject in a suitcase and took a cab to his grandmother's house at 2357 S. 57th Street where he drained the blood, cut the body up and used a sledge hammer to break the bones. He stated that he then disposed of the body in plastic garbage bags.

He indicated that in January of 1985 or 1986 he met victim #2 in front of the 219 Club on 2nd Street. He stated that the victim was waiting for a bus which was heading towards the south side. He described this individual as a Hispanic male, 16 to 18, 6'0, 150lbs, slim build, dark straight short hair, clean shaven, possibly wearing a tshirt and tennis shoes.

He stated that when he met this individual and all of the victims he would approach them and ask them if they would like to make money by posing for him in the nude, viewing videos and coming for a drink at his residence. He related that he would offer various amounts of money to these individuals. He stated that each individual accepted his offer and would go with him to his residence. He indicated that the second victim went to his grandmother's house at 2357 S. 57th Street with him by taking the

The third victim he met about two months later, probably March of 1985 or 1986. He stated that he met another Hispanic male in the Phoenix Bar located on 2nd Street near the 219 Club. He related that this individual was a Hispanic male, 19 to 21 yrs, 5'8", 130 lbs, slim build, light brown complexion, having straight short black hair, clean shaven, and smooth skin. He was wearing a long knee length brownish vinyl coat.

He stated he asked this individual to come to his residence to look at videos, take photos or engage in sex. He stated that this victim did accompany him to his grandmother's house where he had oral sex with him. He then proceeded to drug this individual so he slept. He subsequently killed him, dismembered the body and disposed of it. He related that he did not keep any body parts from this victim.

The fourth victim, whom he stated he met sometime in 1987, but is not sure because it could have been when he was at his grandmother's house the second time in 1989. He was not sure of his dates, but he stated that he did meet this individual at LaCage at closing time. Upon viewing a photo of Anthony SEARS, DOB 01-28-65, he stated that this is the individual that he believes he met at LaCage. He related that when they got there, they engaged in sex, he gave him the drink and subsequently killed him and dismembered the body. He indicated that this is the first one where he kept anything of the individual. He stated that he kept the victim's skull which he boiled to remove all the skin, he kept the scalp with the small ponytail because he liked it and he kept the genitals of this person. He stated that at the time of his arrest it was in the black metal cabinet. He also stated to preserve the skull and genitals he had called the hardware store and

The fifth victim was two months after he moved into his apartment at 924 N. 25th Street which he figures was in 1990. He stated that this individual was the first one he also took photos of. We showed him a photo album which contained 15 photos of a black male in various positions and he identified this individual as the person he met in the 219 Club area and offered him the same line as to come to be photographed, to have a drink and look at dirty videos. He indicated that this victim agreed and took him to 924 N. 25th Street #213 and there he drugged him and subsequently killed him by strangulation. After removing his clothes he saw the tattoo "Cash D" on his chest with pitchforks going up above the name "Cash." The photographs in the album depict this openly. He described this individual as a black male, 22 yrs, 5'8 to 5'9, 140 lbs, curly black hair with a slight mustache. The photo also depicts this. He stated that after "Cash D" had died he had oral sex on him.

The next individual, victim #6, was met at the Phoenix on 2nd St. and he again approached this individual with the same line as to having to pose for photos and having to view videos and drink. He describes this individual as a black male, about 24, 6'2", 170 lbs., medium build, dark skin, prematurely bald, close cut hair, clean shaven, and he said he used to be with the Milwaukee Ballet. He states he did not keep anything from this individual. Upon viewing a photograph of a missing person, he identified victim #6 being SMITH, Edward Warren-M/B, B of I #244654. He states that this photo does look like the individual he picked up and states he did not keep any body parts.

Regarding victim #5, Cash D, he states he did keep this individual's skull and painted it after it had dried out.

He then continued on with victim #7 who he stated he met in front of the book store in the 800 block of N. 27th St. He states this occurred in the summer of 1990 and he describes him as a black male, 24, 6', 160 lbs., medium build, medium complexion, chin whiskers, short black hair, and states he approached him with the same line, had sex, and then drugged him and killed him by cutting his throat. On Thursday, 7-25-91, I, Det. KENNEDY, along with Det. Dennis MURPHY, did receive information from LUCAD that the suspect in this offense, that being Jeffrey DAHMER, had requested to speak with us. At this time, I proceeded to LUCAD and retrieved the suspect, Mr. DAHMER, from his cell, and returned with him to the fourth floor, CIB, where he was placed into an interview room, and we again began to talk.

At this time, Jeffrey DAHMER began speaking regarding his early teenage and high school years in Bath, OH. Jeffrey stated that as a teenager of 15 or 16, he realized that he was a homosexual. He stated that he has never been interested in women, and he had no idea why he was a homosexual, but that he distinctly remembers that in high school, and during his teenage years, he became acutely aware of the fact that he was only attracted to men.

He also stated that it was at this time that he began to have fantasies of killing human beings. He stated that at this time, he also began picking up animals which he had found on the road, which had been killed apparently by vehicles, and he would bring them home to his house, and he would use a knife in order to cut them up, and cut them open to see what was on the inside of them and what they looked like. He stated that several of the animals that he cut up, he would completely strip down the flesh and meaty areas, and then use bleach and various other liquids which he found around his household, and experiment to see which ones would clean the bones the best.

He stated that it was also at this time that he actually found a large dog that had been hit by a car and that he brought this dog home, cut it up, looked at its insides, completely cleaned it, and then soaked the bones in a bleach solution, and that he eventually planned to reconstruct the bones and mount the skeleton, much the way a taxidermist would do it. He stated; however, that he never got around to doing this.

He also stated that during this time that he was cutting up animals, he would fantasize what it would be like to cut up a human being. He stated that he realized at this early age that his homosexual fantasies and his fantasies of killing and dismembering human beings were interlocked, and that he received gratification from these fantasies and they occurred many times. He stated that whenever he had fantasies of homosexual activity, he also had fantasies of killing and dismembering. He goes on to state that he felt that

the retrieving of road killed animals and the cutting of them up, satisfied his urges and his fantasies of killing and dismembering human beings.

He goes on to state that after leaving home in Bath, OH to join the Armed Forces, that while in the Army, he was stationed in Germany. When asked why his behavior of cutting up animals and killing and dismembering of human beings did not occur while he was in the Army, he stated that he believes the reason he did not kill or dismember any one while he was serving his tour of duty in Germany, was because he enjoyed the structure of the Army. He stated that during the entire tour of duty, he lived on base and was in a dorm with three other men. Although he did not have any homosexual or heterosexual relationships while he was in Germany, or in the Army, he did satisfy his urge for sexual excitement by masturbation. He stated that he enjoyed the Army and wished that he could have finished his entire tour of duty; however, his abuse of alcohol made that impossible as the Army decided to let him go six months before his tour of duty was up.

When questioned about bodies dismembered and found in Germany during the time he was there, Jeffrey said that he remembers reading in the newspapers in Germany about a black female who was found beheaded and dismembered and left in a field. He related that this was big news at the time, and this is the only reason why it rings a bell with him. He emphatically denied being involved in any of those homicides and indicated that he is not at all interested in females, either sexually or for the purpose of dismembering. He stated that he is only interested in having a relationship with men.

Jeffrey stated that when he was released from the Army, he stated that he was tired of the cold winters that he had endured in Germany and when he was growing up in Ohio, and with the voucher given to him by the Army, he could go anywhere in the United States that he wished, so he stated that he took a voucher for Miami, FL, because he thought it would be nice with the warm weather all the time. He indicated that the entire time that he was in Miami, FL, he did not engage in any homosexual activity, nor did he kill or dismember anyone while he was down there. He stated that he was continually busy trying to make ends meet financially while in Miami, and this is the reason why he had no time to engage in this activity.

Jeffrey stated that he, at one time, was actually living on the beach because of lack of funds, and this was eventually the reason why he moved back to the midwest, so that

he first moved in with his grandmother in West Allis, he decided to make a concentrated effort to find some direction in his life. He went on to state that he constantly felt lonely and empty without direction, and that there was no meaning in life for him. His grandmother was a religious women, that being protestant, and a regular church goer and talked to him several times about religion and how it could turn his life around.

He went on to state that when he first moved to West Allis, he had continual fantasies again about homosexuality, and that along with the homosexual fantasies, came the urges to want to dominate, to kill, and to dismember other men. He stated that he constantly fought this urge by attending church with his grandmother, by reading the Bible, and by trying to live his life in an orderly fashion, "to walk the straight and narrow" are the words in which he used. He said he constantly had the interlocked feelings and fantasies of homosexual behavior, killing, and dismembering, and that they finally overcame him as he was finding it more and more impossible to continue with the life style of "church going and right living" as he put it.

At this time, I questioned Jeffrey regarding the skeleton bones which were found in the file cabinet in his bedroom. He stated that this was victim number seven, the black male that he met in Dec. of 1990 by the bookstore on N. 27th St. He said that this is the only victim that he stabbed in the neck in order to kill him. He stated that the reason he did this is because the potion that he had given him of sleeping pills and alchol was beginning to wear off and that the individual was rather strong and muscular, and he did not feel that he would be able to strangle him successfully without putting up a fight; so he took a knife and stabbed him once along the jugular vein in order to kill him. He stated that because this individual was the most attractive that he had met up until that time, he decided to clean and boil the entire skeleton in the solution of water and soilex and to save it. The reason he did this was to keep this individual with him as long as possible.

Regarding victim number ten, tentatively identified as Errol LINDSAY, Jeffrey stated. that this is the only one of his victims that he completely took the skin off of. He stated that this was done with a very small, very sharp paring knife and that it took him approximately two hours to completely take all the skin off this victim, while leaving intact the cartiladge, ligament, and fleshy muscular areas.

When talking about his personal relationships, Jeffrey stated that he really has no

close friends and that he is basically a loner. He stated that he is a loner by choice, and that he has never had any success in continuing any long-range relationships. He stated that he has had friends while he was in high school, but never any best friend that he would continually hang around with. He stated that he likes to be alone, and he expecially likes to be alone when he kills people and cuts them up because it makes him feel more secure and more dominant.

At this time, he went on to say that he realizes what he has done warrants the death penalty; however, he is not sure that he really wants to die as punishment for his offenses. He stated that when he was younger, he started cutting up animals, and he enjoyed the excitement of cutting them up, and that he wished now that he would have just continued to cut up animals and would have stopped with them and not have moved on to human beings. He felt that he originally only started it for the curiosity.

At this time, I questioned Jeffrey regarding the celebrated DRESSLER murder trial which is going on now in Waukesha County regarding the death of an individual by the name of MADDEN. He stated that he is aware of this trial only because he has read it in the paper; but he emphatically denied knowing DRESSLER or MADDEN and stated that he has had no part in that homicide.

Regarding smaller childern, Jeffrey stated that although he has been convicted of exposing himself to younger children, and that he has tried to take pictures of minors, that he has no sexual desires to be with a younger child, that he has never attempted to entice a smaller child for sexual purposes, and that he was strictly sexually excited by and attracted to young men of any race or ethnic persuasion from the early teens to the late twenties.

It should also be noted that during this interview and the interview that took place on 7-24-91, several photographs taken from our Identification Division were shown to Jeffrey and he was asked if he has ever met these individuals or if they were in fact any of his victims. These photographs were picked specifically because the individual in the photograph was known to still be alive and it should be noted that each photograph which was shown to him where the individual in the photograph was still alive, Jeffrey stated "I've never seen this man before, and he is definitely not one of my victim's."

It was at this time that the interview was terminated.

On Thursday, 7-25-91, I, Det. Patrick KENNEDY, Sqv 126, was notified by LUCAD that the suspect in this offense, Jeffrey DAHMER, had requested to see me.

At this time I proceeded to the fifth floor, LUCAD, where I did meet Jeffrey and he in fact stated he did wish to speak with me. I brought him down with me to the fourth floor CIB interview room, at which time I asked him what it was he wished to speak about.

It was at this time that he requested a cigarette and a cup of coffee, which I gave him. He stated that he just wished to talk about the feelings he had regarding the confession that he had made about all of his victims and his apprehension as to the court appearance he was to make later on in the afternoon. At this time I stated that I would be willing to listen to any comments that he had to make.

He states that the realizes that there is no way he can change anything in regard to what he did to his victims. He also states that he realizes it would be impossible to make amends for the crimes and offenses he has committed towards these people; however, he feels that the only way for him to make a new start in his life is to make a clean breast of things and to be fully honest. He states that he feels this is what he did and he knows it is the only way he can change his life. He states that he knows that this will not change any of the things that he did but that maybe by telling the truth he can start to make things right and put at ease the minds of his victims' relatives. He also stated that he felt that the only way he could start to change his self was to admit exactly what he had done, to state that he is sorry for what he has done and to swear that he will try to change his life in the future.

At this time I was advised by <u>Detective Dennis MURPH</u>Y that we were to transport the suspect Jeffrey DAHMER to the Milwaukee County Sheriff's Dept. jail area, and we then walked him to the jail area and turned him over to <u>Deputy SCHUH</u> (phonetic) at the Milwaukee County Sheriff's Dept. for his court appearance.

It should be noted that in previous conversations regarding his court appearance the suspect Jeffrey DAHMER expressed apprehension at appearing in court in the paper jump suit provided him by the City Jail. At this time I advised him that if he wished I could bring some old clothes from my home and give them to him so that he would have some presentable clothes to war for his court appearance. To this Jeffrey DAHMER stated that he

On Friday, 7-26-91, I, Det. Dennis MURPHY, met with Det. John KARABATSOS, who is from the Summit County Sheriff's Department in Akron, Ohio, and with Lt. Richard MUNSEY, who is from the Bath County Police Department in Akron, Ohio. These two individuals flew to Milwaukee to interview the suspect, Jeffrey DAHMER, in regard to the homicide that had occurred in Ohio in 1978, which DAHMER had confessed to.

I informed the detectives that a meeting was set up for 11:00 at the Milwaukee County Jail, in which we were going to meet an associate of Gerald BOYLE; namely, Attorney, Scott HANSON, who would be present for the interview.

At 11:00 A.M., we proceeded to the Milwaukee County Jail where we did meet with Attorney Scott HANSON, and we all proceeded to the County Jail where we met with Jeffrey DAHMER. Attorney Scott HANSON requested that he talk with the defendant prior to our questioning him. Attorney HANSON conversed with Jeffrey for approximately 10-minutes, and then we all sat in the Library Room in the County Jail. I personally informed Jeff that he still could invoke his "Miranda Rights" if he desired, and I again asked him if he wanted to talk with us regarding this homicide investigation. I stated to him that even though his attorney is here, I still had to advise him of his various rights, and he stated that he "understood" his rights. He had been told them numerous times, and he did not wish to invoke his rights, that he would "waive" them, and he would co-operate and talk to us because he wanted to clean up everything.

I then introduced him to Officer's KARABATSOS and MUNSEY, and informed him that they were from the Akron, Ohio Police Department and they were investigating the homicide he had previously confessed to, at which time he stated he would co-operate with them.

We then showed him area photographs of his previous residence at 4480 W. Bath Rd., in Bath, Ohio, and he pointed out the area where he had disposed of the bones in the photographs. This was a heavily wooded area, and he was asked if he could make a diagram indicating same. At which time, Jeffrey drew a diagram of Bath Rd., the driveway, the garage, and the house area, and a small wooded area just to the side of the house. He indicated that this was the area in which he had disposed of the victim's bones. We also asked him if he knew the name, Steven HICKS, and he stated that that was the name of the victim in Ohio, and the reason he remembered it was because it was his first one and he

stated "you don't forget your first one".

We then showed him a reproduction of the photograph of Steven HICKS, and upon looking at it he stated that this looks like the individual. He was subsequently shown the regular photograph of Steven HICKS which depicts the entire body, and he stated, "I'm almost positive that's him. Yeah, that's him. That's the individual that I killed in Ohio". He was then questioned regarding how this transpired, and he stated that he was driving southbound on Cleveland and Maslin Rd. (phonetic) and he figured it was warm out because the victim did not have a shirt. He stated he thought it was early Fall but he can not be sure. He stated that as he was driving southbound on Cleveland and Maslin Rd., he saw the hitchhiker, and picked him up at Ball and Cleveland and Maslin Rd. He states that he discussed with the individual about buying or smoking "pot" and drinking. They decided to go to his residence, and he stated that this was in the later afternoon or early evening hours. He stated that he made a U-turn and drove back to his residence because no one was home.

He states his father was living in a motel complex about 5-10 miles away, and his mother had already left for Chippewa Falls, WI., and he was living in the residence alone.

He states that when they arrived home, they went into the bedroom and were drinking beer, and after a while the victim wanted to leave. Jeff states that he wanted the victim to stay. The victim was sitting either on the bed or in a chair in a bedroom, and he approached him from behind and hit him with a barbell in the head, and then he used the barbell to strangle him. After this occurred, he states he put him in a crawl space under the house and subsequently dismembered him in the same crawl space. He states that after he dismembered him he put the body in plastic bags and put the bags in the back seat of a blue 4-door auto that was in the garage. He stated that this was about 3:00 A.M., and as he was driving he was stopped by officers who stated he was driving left of center. He stated he was given a drunken driving test which he passed, and then allowed to drive away. He states he thinks he may have gotten a ticket, but he is not sure.

He states he then returned home and put the bags in a drainage pipe behind the house, and let them sit there for a couple of weeks. After this time he took the bags out, broke the bones up in little pieces and proceeded to a rocky cliff area to the back

Mr. DAHMER states that he believed the victim had been wearing a necklace or something with what appeared to be teeth braces on this necklace. He states that he disposed of this by throwing them in the river by the sewerage plant.

We then questioned Mr. DAHMER as to whether or not he continued his education. He stated that he did start Ohio University in August of 1978, and that he had committed this homicide prior to registering for school. He then thought, well, it was at least 2-weeks prior to going to school in August. He states he can not be sure of the exact time or month that this occurred, but he does readily admit committing the homicide, and upon viewing the photographs and hearing the name states, that that was infact the person he did infact kill.

We then asked Mr. DAHMER if he would draw a diagram depicting where the crawl space was, the drainage pipe, and the cliff area where he disposed of the body. He proceeded to make a drawing on the reverse side of the previous drawing indicating these locations and where he disposed of the bones. This drawing was signed by Jeffrey DAHMER and initialled by myself, Det. KARABATSOS, and Lt. MUNSEY. This will be retained by Lt. MUNSEY for his investigation in Ohio.

I then informed Mr. DAHMER that I had numerous questions from previous statements he had given me, and he stated he would answer anything.

At this time I asked him where he bought the chemicals used; namely the muramic acid. He stated that he bought them at Ace Hardware on 4th St. by Lapham Lighting. He states he bought the 4-boxes a few days before his arrest, just after the last homicide, and he was going to use these chemicals in the 57 gallon barrel. He states he bought the ether, chloroform, and others at Labb's Pharmacy on 27th & Kilbourn. He also stated that the jewelry he had sold at work; namely, a necklace with an Italian horn on, was his personal jewelry and he did not sell or keep anything from any of his victims.

He was also questioned regarding the bones and skeleton that were found in the drawer in his residence, and he stated that these belonged to the same person whose arm was in the freezer, and he stated that this was from the victim by the bookstore who he

stated he killed approximately 1-year ago.

I then questioned him where he had worked when he moved to Miami Beach from the service, and he stated that he had worked at Sunshine Subs Shop, which was privately owned and it was on Collins Ave., approximately 1/2 mile from his motel.

Mr. DAHMER was then thanked for his co-operation and subsequently returned to the County Jail.

It should be noted that during the start of our interview Mr. DAHMER had requested to have cigarettes. He was given coffee, but he was unable to smoke in the County Jail, so at approximately 12:15 P.M., I, Det. Dennis MURPHY, proceeded to get an order to produce, which was signed by Judge RANDA, and Jeffrey DAHMER was taken to the CIB Interview Room along with Det. Lt. MUNSEY, Det. KARABATSOS, and Attorney, Scott HANSON. The remaineder of the interview was conducted at that location, and Mr. DAHMER was subsequently returned to the County Jail. Just prior to his return, Attorney HANSON had requested that we not talk to Mr. DAHMER regarding anything unless we contact their agency. I informed Mr. HANSON that Mr. DAHMER has been requesting my presence everyday, and stated he did not wish an attorney present when I arrived to interview him. In the presence of Attorney HANSON, I informed Jeffrey of his attorney's request, and he stated he "understood" it, but stated that he wanted to get everything out in the open. I informed Mr. HANSON that if Jeffrey calls to talk to me and he does not wish the attorney present, I will conduct my interview. Mr. HANSON stated that he understood, and requested. again to Mr. DAHMER that he contact him prior to contacting the police. Mr. DAHMER was then returned to the County Jail.

On Friday, 7-26-91, prior to returning the defendant, Jeffrey DAHMER, back to the County Jail and after the interview with Det's Richard MUNSEY and John KARABATSOS, I, Det. Dennis MURPHY and Det. Lt. Ken RISSE and Det. Guy NOVAK, met with DAHMER at the CIB to question him regarding the homicides that he alleged to have committed in West Allis, WI.

Mr. DAHMER stated that he possibly killed his first victim at the Ambassador Hotel because he stated he took him up there gave him a potion and passed out, but he did remember beating him about the chest. He stated that when he woke up the victim was dead, he put the victim in a suitcase that he had picked up at the Grand Avenue Mall, and took a cab to his grandmother's house at 2357 S. 57th St., where he subsequently dismembered the body and disposed of the bones and the tissue in the garbage.

He stated that the 2nd victim, whom he had met at the "219" Club, was conveyed with him in a City Vet Cab, and he readily admitted killing him the same way as the other victims. He stated he believed this individual may have lived on 10th & National, because he thinks that what he told him. He also stated that he offered him money for sex, and that's the reason this individual went with him.

Victim #3, whom he also states he killed in West Allis, he recalls that about 2-weeks after the homicide, he was reading the personal section in the paper and there was a small photo of this victim and it listed him as missing and requested information regarding the individual. He states he can not recall the name, but he does recall seeing this photo in the personal section of the paper.

Mr. DAHMER states that when he returned these victims to his grandmother's house, it was usually in the middle of the night, and usually on a Saturday night. He stated when he brought victim #1 back it was in the middle of the night, and the next day, Sunday, when his grandmother went to church was when he dismembered the body, cut it in little pieces, removed the flesh, muscle, and tissue before breaking up the bones. He stated that he never kept any parts of these.

He states he also did this with victim #2, he brought him over on a Saturday night and dismembered the body on a Sunday morning.

He also states that when he took victim #3 over to the house he had also taken a cab there and was dropped off 2-blocks away, usually up by the Mai-Kai Tavern, and then

he would walk to the address. He states that way no one would know where his grand-mother lived or where he was staying.

He states that the pills used to put these individuals to sleep were called and they were prescribed to him by a Dr. OLSON, of West Allis Memorial Hospital.

He also states that there was one more occurrence that happened, but this time the individual woke up prior to him being able to kill him and he was also seen by his grandmother with this individual in the basement and he decided not to kill him. He stated that he did walk this individual to the bus-stop and returned to the residence. I was shortly after this that his grandmother had asked him to leave.

A check with West Allis revealed that there was a "theft" complaint filed on 4-4-88, by Ronald FLOWERS, who was this alleged victim, case #B41212, file #88-07829.

Regarding victim, #4, who was subsequently identified as Anthony SEERS, he stated that he met this victim a few weeks before he went into the Work Release Center, and with him he was dropped off by the Mai-Kai Lounge around Easter of 1989. Infact, he stated it was the night before Easter. He stated that this did happen after his arrest, but he was at his grandmother's house. He states that after brining him to his house on Saturday night, he did have sex with him, cut him up, disposed of the body in the same manner, except for keeping his head, scalp, and genitals. He stated that he did dispose of this body on Easter Sunday.

West Allis officers questioned him regarding any other information he may have in relationship to these alleged homicides in their jurisdiction, and he stated he could not think of anything at this time, but if he does recall he will contact me so that I can inform them of any further information.

Mr. DAHMER was then returned to the County Jail.

I, along with the Ohio Police officers and West Allis Police officers, then subsequently went to the West Allis Police Department where we interviewed the father of Mr. DAHMER; namely, Lionel DAHMER. While we were conducting this interview I received a phone call from Captain Domagalski informing me that the subject, Jeffrey DAHMER, had requested that I come to the jail because he had something important to tell me.

After our interview with his father, I subsequently returned to the County Jail,

where Mr. DAHMER informed me that he forgot to tell me about an incident that occurred about 1-year ago where one of them had gotten away. I asked him what he meant, and he stated that he had picked up a Spanish male for the purpose of taking photos and having sex, and he brought him over to his apartment at 924 N. 25th St. He stated that this had occurred prior to victim #7. He states that when he brought this individual over, he did not have anymore sleeping pills left so he attempted to knock him out by hitting him in the back of the neck with his fist or hand. He stated this did not work and the hispanic male fought with him, and after a while they kind of made up and he stayed there the remainder of the night and left in the morning. Mr. DAHMER stated that he had forgotten about this, but he wanted to get it out. I asked him if he recalled any other incidents where this had occurred and he stated he "did not".

I then informed him that we had just spoken with his father, and we had received information that he may have had a sexual experience when he was 14 or 15 yoa., with a person who lived across the street. Mr. DAHMER stated that this did occur, and this person and him had gotten unddressed and did some body rubbing and kissing. I asked him if he recalled the name Eric TYSON (phonetic), and he stated this was the individual. He stated he did not consider this a homosexual experience at the time, but stated, "But I guess it is".

I then asked him when he had acquired his fish tank and he stated it was about 6-months ago because he had developed an interest at that time.

I then informed him that there were numerous allegations made against him by people calling and went through a stack of them, at which time he denied all of them. asked Mr. DAHMER if he had anything more to tell me, and why he did not request to have his attorney prior to talking to me, and he stated that he did not want his attorney there he just wanted to tell me about this other thing that he had forgotten and he didn't need his attorney present for that. I asked if he felt he needed the attorney for any other questioning, and he stated he felt he did not because he has been truthful with me the whole time and he does not feel he needs his attorney present when I'm there. informed him of his attorney's request, that he contact the attorney prior to contacting me, and he stated he understands and if he feels he has something important enough to tell me he will call me. I then informed him again that his attorney had requested his co-

On Monday, 07-29-91, we, Detectives <u>Dennis MURPHY</u> and <u>Patrick KENNEDY</u>, received a call from the Milwaukee County Sheriff that the subject, <u>Jeffrey DAHMER</u>, requested to speak to us.

At this time we obtained an order to produce and proceeded to the Sheriff's Department where upon presenting it we were informed that he was presently with the psychiatrist for Attorney BOYLE. An attempt to locate Attorney BOYLE met with negative results and we then informed the Sheriff to contact us when his interview was over.

At approximately 12:05pm we received a call from the County jail indicating that DAHMER was finished with his interview and was available for us. At that time we proceeded to the Milwaukee County Jail where we picked up Jeffrey DAHMER and asked him if he had contacted his attorney regarding his request to see us. He stated he did and that his attorney would meet us at the CIB.

We proceeded to the CIB where Jeffrey stated he would talk to us and wanted to talk to us even though his attorney wasn't present because he stated that he told us everything already. He stated that he's not involved in any other crimes and he will talk to us regarding anything or answer any questions we may have relative to this investigation. We asked him if he wanted to again call his attorney and he again stated "no," that he would wait until she arrives.

I then asked him several questions regarding a statement he had made regarding the homicide in Bath, Ohio in regards to a call I received from Lieutenant Richard MUNSEY relative to the investigation. I asked him what he had done with the knife he had used to cut up the vitim, namely Steven HICKS, and he stated that he believes he threw it in the river. I questioned him as to whose car he used when he stated that he was driving down the road when he picked up the hitchhiker and subsequently in a car later on in the evening after the death and he stated he used his father's blue 4 door which his father had let him use to go to a movie. He indicated that his mother had already left for Chippewa Falls and his father was still living in the motel at this time. He stated that when he killed Steve his mother was gone. I also questioned him regarding how much time he had spent with the victim prior to killing him and he stated that they were

I also went back to his earlier childhood when he had been cutting the dogs and I asked him if he did, in fact, ever cut up a dog and hang it up in the tree in Ohio and he stated that he only hung one dog in the tree and doesn't know why he did this. He also stated that he does not, nor did he have, any girlfriends in Milwaukee or in Ohio. He did admit going to the prom but stated that he only went to see what it was like because he was junior and the girl he went with was a senior and they just went more or less to accompany each other to the prom.

He stated that he does not recall any other thing regarding the Bath, Ohio homicide and if we have any further questions regarding it he would be glad to answer them for us.

On Monday, 07-29-91, we, Detectives Dennis MURPHY and Patrick KENNEDY, after walking Mr. DAHMER over to the CIB from the Milwaukee County Sheriff's lock up and informing that he had the right to have his attorney present during questioning he stated that he did not need to have his attorney present and, in fact, he had called her and she was on her way but he would talk to us until she does arrive.

I informed him that we had a call from Carlos CRUZ who stated that he had been in DAHMER while in Germany. Mr. DAHMER stated that he does remember the service with Mr. him and, in fact, he has nothing to hide regarding Germany. He stated that he does remember spending Thanksgiving at Mr. CRUZ'S residence and he stated also present was an individual with the last name of <u>DAVIS</u>, another girl who was with DAVIS and also Mr. CRUZ'S wife. He indicated that he did have Thanksgiving dinner at that location and he did become involved in an argument with Mr. DAVIS regarding where they were going to spend the evening because there were not that many bedrooms. He stated that he was drunk because he had drank heavily and it was snowing hard, similar to a blizzard, but he stated that he did not leave the house. He related that he remembers staying there and leaving in the morning but he doesn't remember leaving at night nor does he remember being covered with blood or having blood on any type of clothing. He stated that Mr. CRUZ'S wife should be able to verify his statement that he did not leave that night or at any time once he arrived.

He again denies being involved in any homicides in Germany and stated that he could not recall any other occurances where he may have been away from the post other than when he went to Octoberfest for three days in Munich which he believes was in August of 1980. Again Mr. DAHMER denies being involved in any homicides in Germany or in any other place other than the ones he has already confessed to.

## NARRATIVE:

On Monday, 07-29-91, we Detectives Dennis MURPHY and Patrick KENNEDY while interviewing the subject, Jeffrey DAHMER at the CIB in the presence of his attorney, Wendy PATRICKUS, we showed him numerous photographs of missing black males, one white male and one hispanic male. Upon viewing B of I #242222 (Aaron VICKER), he stated this is definitely not one of the subjects. He then viewed B of I #243552 (Terrence MOORE) and he stated this is definitely not one of the subjects. He viewed B of I #211904 (Michael SAVAGE) and he also stated this was not one of the subjects. He then viewed B of I numbers: #244202, #157760, #233740,.... and he stated none of these are any of the individuals that were his victims. He also viewed B of I #109328 (Gary GAYBORNE, W/M) and he stated this was definitely not one of the victims.

I then proceeded to show him another B of I photograph #200484 (David C. THOMAS) and he stated, "This looks like the victim who I possibly killed after the man in bookstore", (who was subsequently the 8th Victim --- if you go in order). This follow up was given to Detective O'KEEFE to take this photograph, along with photograph that had been taken by the suspect of his homicide victim to the family in order to make identification.

The next B of I photograph shown to him was #190872 (Richard GUERRERO), and he stated that he could not be sure, but the victim (who was Victim #3 in Milwaukee) was a hispanic male and had his photograph in the personals in the Milwaukee Journal. A copy of this paper was obtained from 01-07-89 and upon viewing this photograph in the personals he stated, "Yes", this is the hispanic male I killed at my grandmother's house (2357 S. 57th St.)". He further stated this occurred sometime in March of 1988. /N CLUST ALCIS

Both the identifications of THOMAS and GUERRERO were subsequently made as positive identifications and were listed as homicide victims.

On Tuesday, 07-30-91, again while questioning DAHMER at the CIB in the presence of his attorney (PATRICKUS), we showed him a photo array consisting of four hispanic males, B of I numbers: #209415, #234074, #234356 and #227440. Upon viewing these four photographs, DAHMER picked out B of I #234356 and stated this photograph looks like the first hispanic male he met on 2nd St., (Victim #2) which occurred approximately in January

Or Monday, 07-29-91, I, <u>Detective KENNEDY</u>, along with Det. <u>Dennis MURPHY</u>, were contacted by <u>Deputy MALLICK</u> (phonectic), of the Milwaukee County Sheriff's Jail. He stated at this time, which was approximately 9:45am, that the suspect, <u>Jeffrey DAHMER</u>, had requested to speak with us.

We proceeded to the jail after obtaining an order to produce and returned with the suspect to the 4th floor CIB and placed Mr. DAHMER in an interview room. At this time Mr. DAHMER stated that he did, in fact, wish to speak with us regarding the offense.

I advised Mr. DAHMER that I had some further questions regarding the Asian male whom he had met at the Grand Avenue mall. Regarding the Asian male he stated that he met him while he was walking around the Grand Avenue mall. He indicated that after introducing himself to the victim, he offered him \$50.00 to accompany him back to his apartment to pose and have some drinks and watch videos. He stated that he advised the Asian male that the posing would be in nude or semi-nude states. The Asian male agreed to accompany him back to his apartment and they returned to his 25th Street address by bus. He feels that they returned home at approximately 5:00pm and once in the apartment he had the victim disrobe down to his black bikini panties and that he posed for several photographs which he took with his Polaroid camera. These photos can be found on Milwaukee Police inventory. He stated that during the time of the posing he also mixed his drink of rum, coffee and sleeping pills and offered it to the victim who drank it. He went on to state that during this entire time the victim spoke in perfect English and was completely able to understand English and spoke it fluently. He indicated that at about this time the rum/coffee concoction with the sleeping pills in it begun to take effect and as the victim became drowsey he walked him into the bedroom area. time that he walked him into the bedroom area and sat on the bed DAHMER stated that the victim, Tony HUGHES, whom he had killed several days earlier, was lying naked on the floor of his bedroom. He stated that he believes that the victim saw Tony HUGHES' body, however, did not react to it. He feels that this was because the rum/coffee/sleeping pill mixture was beginning to affect him. He went on to state that he put a video on and they watched it until the victim fell asleep. He related that during this time he began kissing and body rubbing the victim and he feels that he may have had oral sex, mouth to penis, on the victim, however, he denies at this time that he had penis to anus

sex with the victim. He stated that after he realized the he was unable to arouse the victim by mouth to penis sex and by body rubbing and kissing he continued to watch the video and to drink beer until he himself fell asleep. He indicated that after a few hours of sleep he woke up and it was quite late out, approximately 11:00 or 12:00, maybe later. He looked about and realized that the victim was still sleeping from the effects of his drink and he decided to go to the tavern located on 27th Street known as the Gare Bear Bar to continue drinking.

He stated that he left the apartment, went to the Gare Bear Bar and drank beer until closing time. At closing time, after leaving the tayern, he stated that he began to walk eastbound on West State Street and observed the victim sitting completely naked on the southeast corner of 25th and State. He stated that the victim was sitting on the curb. He related that there were two black females standing by him and they appeared to be hysterical. He walked up to the victim, whom he realized was speaking to the black females in Asian. The victim was disoriented and appeared to be intoxicated by alcohol, however, he realized that he must still be under the influence of the drink containing the sleeping pills he had given him. At this time he advised the ladies that the victim was, in fact, a friend on his and that he attempted to pull the victim in the direction of his apartment. He stated that the women continued screaming at him, "we don't know if you really know this guy and we've called the Police, why don't you wait until the Police get here." He stated that he continued pulling the victim towards his apartment and that the victim did offer some slight resistance to this. When he got to the alley behind the Hong Fat Company he noticed that the Fire Department had approached from the east end of the alley and the Milwaukee Police Department was coming from the west end of the alley. He indicated that at this time he noticed that the victim had a slight laceration above his left eye and was bleeding from this. He stated that at this time there was no other signs of blood on either the anal or genital area of victim. the Police and Fire Department arrived he stopped with the boy and he noticed that the Fire Department personnel simply stood by and did not make any efforts to attend to the victim. He stated that the he feels that the Police Officer took a yellow plastic type blanket and wrapped it around the boy and he noticed that the black females who he had seen with the boy on 25th and State appeared to still be hysterical and were screaming

at the Police Officers. At this time he stated that a Police Officer approached him and asked him what was going on. He stated that he handed the Police Officer his Ambrosia Chocolate Company personnel ID and stated who he was and gave a fake name for the victim. He stated that he believes he told the Police that the victim was 19 years old and he thought this was appropriate, as although the victim was young, he believed him to be approximately that age. He stated that he told the Police that the victim was, in fact, a close friend of his and gave him a fake name. He indicated that the victim had stayed with him several times in the past and that whenever he drinks he gets crazy and has been known to walk out of the apartment in the nude. He stated that the Officers attempted to speak with the victim, however, he stood there speaking only in an Asian dialect and appeared to be intoxicated and smelled of alcohol. He stated at this time he feels he convinced the Police that this was some type of homosexual relationship that had some alcohol problems and that he would take care of the victim if he was allowed to return with him to his apartment. He stated at this time two Officers escorted both he and the victim back to his apartment building.

He went on to state that during the time that the Officers were speaking with him regarding the Asian boy the black females who had been screaming hysterically in the beginning of this, left the scene, however, he is unsure were they went to.

He related that the victim was in no way an acquaintance of his before this evening, that he had never seen him before and had absolutely no idea that he was, in fact, the brother of the minor that he had taken pictures of on an earlier offense. He indicated that it was a chance meeting at the Grand Avenue mall and that to his knowledge besides this offense and the offense where he took pictures of an Asian boy that there have been no other encounters, either personally, casually or sexual, with any other oriental males.

At this time I again questioned <u>Jeffrey DAHMER</u> as to the bleeding from the anus of the victim and whether or not the bleeding would be visable to Police Officers. He stated emphatically that there was no blood coming from the anus or genital area of the victim as he had not had any anal intercouse or injured the victim in any way prior to this meeting with the Police. He stated that the night was pitch black and the alley was also dark. He feels the Police attempted to interview and investigate the incident

On Monday, 07-29-91, we, Detectives <u>Dennis MURPHY</u> and <u>Patrick KENNEDY</u>, received a call from the Milwaukee County Sheriff that the subject, <u>Jeffrey DAHMER</u>, requested to speak to us.

At this time we obtained an order to produce and proceeded to the Sheriff's Department where upon presenting it we were informed that he was presently with the psychiatrist for <u>Attorney BOYLE</u>. An attempt to locate Attorney BOYLE met with negative results and we then informed the Sheriff to contact us when his interview was over.

At approximately 12:05pm we received a call from the County jail indicating that DAHMER was finished with his interview and was available for us. At that time we proceeded to the Milwaukee County Jail where we picked up Jeffrey DAHMER and asked him if he had contacted his attorney regarding his request to see us. He stated he did and that his attorney would meet us at the CIB.

We proceeded to the CIB where Jeffrey stated he would talk to us and wanted to talk to us even though his attorney wasn't present because he stated that he told us everything already. He stated that he's not involved in any other crimes and he will talk to us regarding anything or answer any questions we may have relative to this investigation. We asked him if he wanted to again call his attorney and he again stated "no," that he would wait until she arrives.

I then asked him several questions regarding a statement he had made regarding the homicide in Bath, Ohio in regards to a call I received from Lieutenant Richard MUNSEY relative to the investigation. I asked him what he had done with the knife he had used to cut up the vitim, namely Steven HICKS, and he stated that he believes he threw it in the river. I questioned him as to whose car he used when he stated that he was driving down the road when he picked up the hitchhiker and subsequently in a car later on in the evening after the death and he stated he used his father's blue 4 door which his father had let him use to go to a movie. He indicated that his mother had already left for Chippewa Falls and his father was still living in the motel at this time. He stated that when he killed Steve his mother was gone. I also questioned him regarding how much time he had spent with the victim prior to killing him and he stated that they were together for a couple of hours and they were just drinking beer.

I also went back to his earlier childhood when he had been cutting the dogs and I

He also stated that he does not, nor did he have, any girlfriends in Milwaukee or in Ohio. He did admit going to the prom but stated that he only went to see what it was like because he was junior and the girl he went with was a senior and they just went more or less to accompany each other to the prom.

On Mon., 7-29-91, I. <u>Det. KENNEDY</u>, on Squad 126, along with <u>Det. Dennis MURPHY</u>, were in an interview room located in the CIB on the fourth floor. At this time we had the suspect in this offense, <u>Jeffrey DAHMER</u>, who had previously requested to speak with us regarding this offense. I advised Mr. DAHMER that I had a series of questions I would like to ask him regarding the offense, to which he stated he was willing to answer them.

At this time I asked him regarding the patties of meat which we found in the lower freezer in his apartment. To this he stated they were not exactly patties, however they were strips of muscle and flesh which he had taken from his thirteenth victim. He stated he met this victim in front of the bus station and the reason these were not thrown out, along with other parts found with the so called "patties" was because he had placed them on the bottom of his standing freezer and that they had become frozen to the bottom and he was unable to get them out. He stated his usual routine after cutting up his victims, was to only throw out two and possibly three bags of human flesh and bones at a time and at this time he would hide the bags underneath other bags of garbage which were located behind his apartment building on 25th St. He stated the remainer of flesh, chunks and strips of body parts which he had cut off the victims, he would place in plastic bags and freeze until a more approriate time to throw them out. He stated this was done in order to help stop detection of his crime. He felt that if he would throw out entire cut up body parts at one time, it would be easier for people to detect his activities, so therefore he would freeze, or keep refrigerated, body parts until he was able to more discreetly dispose of them through the trash.

Regarding the computer which was found in his apartment, Jeffrey stated he became interested in computers while he was doing his tour in the House of Correction. He stated he thought it would be fun and interesting and that he would use it for personal finance, daily planning, games, and personal business. He stated there will be several discs found in his apartment, however, that he never recorded or put anything into his discs regarding the offenses that he has been questioned about. He stated the computer did not turn out to be as interesting to him as he felt it would and that he barely used it and that slightly before his arrest he was attempting to sell the computer and had an offer

regading so.

Regarding whether or not he had ever been in Columbus, Georgia, or Fort Bennings, <u>Jeffrey stated</u> that while he was taking his military police training at Fort McClellan, Alabama, he kept getting drunk on base and ended up getting beat up by several other members of his unit. He stated they did this because he had caused the entire platoon to suffer extra physical training and punishment because of his abusive drinking pattern. He stated that one day after the entire unit was disciplined because one of his infractions, a large black private and a large white private took him into the men's room and pysically beat him bloody. He stated that during this beating he received a concussion and the ear drum of his left ear was fractured. He stated that from this injury he was transferred to Fort Bennings in Georgia, for treatment. He stated he was there for only two days and then returned to his barracks at Fort McClellan. He stated that after washing out of the MP training school, he was transferred to Fort Sam Houston, Texas where he was trained as a medic. He stated this training agreed with him more and he felt he did well while there.

Regarding questions as to whether or not he belonged to a health club, he stated he was a lifetime "President's Member" of the Vic Tanny Health Club and he was eligible to attend any Vic Tanny Health Club throughout the nation. He stated he frequently visited the Vic Tanny Health Club on North Hawley Road and that he went regularily for about a year, however, after that time constraints and his job, along with his drinking problem prevented him from going any longer.

Regarding having a locker at the Ambrosia Chocolate Company, he stated that while he was employed at Ambrosia Chocolate Company, he did have a yellow painted locker, he believes the number was "214." He stated that to the best of his knowledge, there was nothing of value or of personal belongings in that locker at the time of his termination, however he is not sure.

Regarding how long ago he bought the standing freezer found in his apartment, he stated that he bought the standing freezer several months after he had killed the victim known as "Cash D." He stated the reason he bought the freezer was because he was having difficulty storing the cut off flesh and bones which he had cut from his victims. He

stated he felt that by buying the freezer, it would be easier for him to store the cut up flesh and bones until he was able to dispose of them discreetly through the garbage to the rear of his apartment.

Regarding the penis from the black male which he kept and which he painted white, he stated he bought a skin color paint and painted the penis simply because it seemed like a fasinating idea and he wanted the penis to look more natural. He was unable to give any further reason as to why he painted this penis.

Regarding the head of the victim, <u>BRADEHOFT</u> and why it was partially decomposed when found in the freezer, <u>Jeffrey</u> stated that after he killed the victim, BRADEHOFT, he placed him on the bed in his bedroom and covered him with a blanket and left him there for approximately two days. He stated he remembers it was hot during those two days and that the air conditioning in his apartment does not really cool off the bedroom that well. He stated it had been at least a day and a half before he checked on his victim and that when he pulled the blankets back after approximately two days, he noticed that decomposition had already begun and that the head had acquired some maggots. He stated he quickly cut up the victim and disposed of him in the usual way, except for keeping the head and placing it in the freezer.

Regarding the black nylon strap which he stated he used to strangle several of his victims and which was photographed by himself, hanging one of his victims from his shower in his bathroom, I questioned Jeffrey as to the whereabouts of the strap and he stated he was unsure which victim he got rid of the strap with, however he stated it became soaked with blood and he decided to throw it out and that he disposed of it through his garbage located in the alley at his building.

Regarding the knives which he used, he stated that the large knife with the six inch blade and the black plastic handle, he bought at the knife shop in the mall and he had returned to the mall at least two or three times in order to get it sharpened, as the store would sharpen the knife for free. He stated this is the knife he used most often when cutting up his victims, however the two small three inch bladed parry knives with the black plastic handles, he stated he bought at Lechtner's Kitchen Mart in the Grand Avenue Mall. He stated he did use these knives, however they were not very strong. The smaller

of the two parry knives, one of which is photographed and a copy of which can be found on MPD inventory is the knife which he used to crave the skin off of the one victim that he totally skinned.

Regarding the battery complaint which he filed with the Milwaukee Police Department in November of 1988, he stated he met an individual and asked him if he would come back to his apartment for pictures. He stated that although he was no longer living in the apartment on North 24th St., he had just moved out in October and felt it would still be vacant. He stated he still had the key for that apartment and that he and the suspect went back to that apartment. However upon attempting to enter, he realized it had been rented out and a female was living there. He stated that upon realizing this, he and the suspect walked down the stairwell of the apartment building at 808 North 24th St. and continued to drink beer. He went on to indicate that after all the beer was gone, he bent over and received a hard blow from behind. He is unsure what he was struck with, however because of his intoxication and the fact the blow was so hard, he knows he passed out. He stated when he came to, he was at the police station and that officers, after taking his complaint, took him to West Allis Memorial Hospital, where he was stitched up. He believes the suspect, who was a black male, also stole about \$350 from his pockets and he does remember coming to the third floor of the Police Administration Building and viewing photos regarding this offense, however he was unable to pick anyone out of the line up.

Regarding whether or not he knew a white male, approximately 54 years old, by the name of <u>Tom MODEE</u>, who apparently was a sexual acquaintance of one of his victims, <u>Ernest MILLER</u>, he stated he never met any of his victim's friends and has no idea who Thomas MODEE is.

At this time I questioned Jeffrey regarding the fact that he apparently left the victims, who were already killed, lying about his apartment. He stated he never left anyone for more then two days, however he did leave several of his victims uncut up and naked, lying about his apartment, either in his bed or on his bedroom floor. He stated there wre several reasons why he did this. The first reason was because on several of the victims he intended and did return at a later date and had oral and anal sex, and kissing and touching of the body, after they were dead. He also stated that sometimes because of time

constraints and work, he was unable—to proceed with cutting up and disposing of the bodys at the time, so he simply left them. He stated also that there were other times, because of his drinking and the late hours he was keeping, that he was just too exhausted to try to cut up the body and dispose of it, so he left them there.

Regarding the letter which was written to <u>Judge GARDNER</u> while he was in the House of Correction, he stated that he remembers talking to a white male inmate in the House of Correction regarding his predicament and wanting to get out. He stated that this inmate put the idea in his head to write a letter to the judge regarding a change in his sentence. He stated the inmate appeared to be knowledgeable in such matters and actually wrote out a letter which he copied in his own handwriting. He stated the words and the ideas in the letters which he wrote to Judge GARDNER were not even his, however, he thought that they sounded all right and decided to use them to see if they would work. He stated that although he did write the letter, the ideas, words, and composition were the work of another inmate.

At this time I questioned <u>Jeffrey</u> regarding the long period of time which lapsed between his first homicide which he committed in Bath, Ohio, and the first homicide which he committed here in Milwaukee. At this time we established that the first homicide which he committed here in Milwaukee occurred probably in November of 1987. This was the victim that he took to the Ambassador Hotel.

Jeffrey stated he feels that the first homicide that happened in Bath, Ohio, was unplanned and somewhat of an accident. He stated this haunted him terribly for many years and that he had nightmares and was troubled by it during the entire time he was in the service. He emphatically denied committing any crimes while he was in the United States Armed Forces and stated he feels that one of the reasons that he did not get involved in criminal activity was because of the structure of the military and the fact that he never had a residence or an apartment of his own. He feels he was continually surrounded by other soldiers and did not have an opportunity to commit any offenses. He stated that after leaving the military and moving to Miami, Florida, that he was short of funds and was living on the beach after he ran out of cash. He stated he lived on the beach for approximately two months in between hotels and that there, too, he did not have an oppor-

tunity to commit an offense. He stated he was busy working in the sub shop trying to make money or trying to find a place to stay and that Miami did not turn out to be the opportunity that he felt it would be when he left the service. He stated after calling his father and advising him of the financial trouble he was having in Miami, he was given a plane ticket to return to Ohio, and eventually moved to his grandmother's house in West Allis.

He stated when he first moved to West Allis with his grandmother, it was at this time that he decided to try to put behind him the nightmare he had constantly re-lived regarding his first homicide. He stated his grandmother was a religious woman and at this time he began attending church with her and apparently was looking into religious ideals in an attempt to change his life. He stated he recalls reading the Bible and attempting to look for a job and to live the so called "straight and narrow life." He stated that although he constantly tried to delve into the religious aspects of life, he constantly had fantasies of homosexual activity and mutilation of human beings. He stated that eventaully during this period of time the fantasies and the urges for, as he called them, "the darker side," bothered him and that he decided to quit attending church and looking into religion, and for awhile he delved in the occult. He stated he felt he did this because he felt that since religion wasn't working, maybe he should just delve into the occult and However, after reading several books and dabbling in it, he realized this was not for him and then he again gave in to his homosexual tendencies. He stated he began by going to the bookstores where he obtained information regarding gay areas in Milwaukee. He stated he also started reading gay and homosexual pornography and eventually became acquainted with the bars in the homosexual areas of town. From there he began to frequent the gay baths and was a regular member of the gay baths and spent the night several times. He in fact stated that several times he used a liqueur which had been tampered with by his sleeping pills in the gay baths, however he did not commit any violent acts while there. He only druged some of his gay friends who he had met and spent the night with in the gay baths. He stated he believes this is the reason why there was such long span between homicides, as he was going through all of these mental changes, trying to leave the old life behind and that once he finally again gave in to his homo-

sexual desires, that it slowly began to escalate over years until he finally gave in to his fantasies of killing and dismembering men after homosexual acts and culminated in his first homicide here in Milwaukee at the Ambassador Hotel.

At this time he was given several other questions regarding his tour of duty in Germany and a chronological explanation of the events of his life and Det. <u>Dennis MURPHY</u> will file a detailed supplementary regarding this part of the interview.

It should also be noted that during this interview, I asked <u>leffrey</u> if in fact all the information he has been giving us regarding this offense is true and correct. At this point Jeffrey was very adamant, stating, What would be tne point of lying now? You realize that the whole purpose for me cooperating with you and giving you this information is for me to clear my conscious so that I can go on with my life. What I've told you is the truth. Why should I lie now?" At this time the interview was terminated.

On Tue., 7-30-91, I, Det. KENNEDY, along with Det. Dennis MURPHY, were called by Deputy COOPER of the Milwaukee County Sheriff's jail and he informed us at this time that the suspect, Jeffrey DAHMER, had requested to speak with us. At this time we proceeded to the 5th Floor Lock Up of the Milwaukee County Jail and returned to the 4th Floor of the C.I.B., with the suspect, Jeffrey DAHMER, and placed him into an interview room.

At this time I was informed by Jeffrey DAHMER that he would like to speak with me some more regarding the above offense.

At this time Jeffrey DAHMER stated that during the time that he was committing these offenses, he had been incarcerated in House of Correction for the offense of taking photographs of a minor. He stated that during his incarceration he was given a "day pass" on Thanksgiving Day. He stated that during his day pass he was ashamed to face his family who were gathered at his grandmother's house in West Allis for Thanksgiving dinner and that after dinner he left the residence and went to a local West Allis tavern where he began to drink heavily. He stated after he became intoxicated, he ended up down in the homosexual gay area of Milwaukee, that being 200 South 2nd St. and he bar hopped from bar to bar. He stated he is unsure, but he feels that this time he entered the 219 Club, where he ended up sitting next to an older white male, approximately 35 - 40 years old, who had dark curlish shoulder length hair and a beard. He stated the two talked and drank heavily, and that he (DAHMER) apparently blacked out because of over indulgence in alcohol.

He stated he recalls waking up the next morning and he was in a strange apartment. He stated that at this time he was hogtied. He described this as being tied behind his back and then suspended by hooks and ropes from the ceiling and that both his legs were separated and tied and also elevated and that the suspect described earlier that he had met in the 219 Club, was using a white striped candle and placing it in his anal area. He stated that when he realized what was happening, he began screaming and swearing at the suspect, demanding that he be cut down and let go. He stated the suspect did cut him down and he quickly grabbed his clothing and attempted to leave the apartment, when the suspect attempted to stop him and stated, "What's your hurry? Let's stop and talk about this."

He stated at this time he was in no mood to speak with the suspect and quickly left the residence and made his way back to the House of Correction.

He stated that approximately a day or two after this encounter, he had a bowel movement and that a six inch portion of candle was ejected from his anal area at this time. He stated he was highly intoxicated at the time of this encounter and that he is unsure whether or not he would be able to identify this suspect through photographs. He stated he chalked this up to being an experience that he had to endure because his high risk life style and the homosexual area of town. He stated that at this time he was actually the victim.

At this time I questioned Jeffrey DAHMER regarding the blood which we found splattered around the walls surrounding his bed in the bedroom of his apartment on 25th St. and regarding the blood which was found dried and soaked into the mattress of his bedding. He stated this blood was the result of the seventh victim, who has been identified as Ernest MILLER. He stated he met Ernest MILLER in front of the bookstore on 27th St. and that after taking him home to his apartment and drugging him with his sleeping pill rum concoction, that the victim apparently began to wake up from the potion as he was lying on his bed. He stated the victim had a muscular build and he felt he would be unable to strangle him as he was coming out of his daze, so he used his knife to cut him in the carotid artery. He stated that by cutting the carotid artery of the victim, the blood began to splatter all about the bed and the walls. He stated he did not do a very good job on cleaning up the blood afterward and this is the remaining blood which is located on the wall and the bedding in his apartment.

At this time I questioned him regarding the apparel, that being clothing, that he would wear during the time he was dismembering his victims. He stated that whenever he dismembered his victims, he was always completely naked, that he wore no shoes, socks, or any clothing of any type. He stated this was not in fact done because of sexual gratification, but simply for necessity because the job of cutting and dismembering his victims was quite messy and he did not wish to get blood and body fluids about his clothing.

At this time I was informed by Lt. Kenneth MEULER that detectives from the Chicago Police Department wished to speak with the suspect, DAHMER, regarding possible connections

At this time Det. CARROLL and Det. KEENAN, from the Chicago Police Department entered the interview room and questioned the suspect, Jeffrey DAHMER, regarding his frequent excursions by bus to the Chicago area. At this time Jeffrey DAHMER stated that he had visited the Chicago gay area on approximately ten or eleven different occasions and that while he was there, he usually frequented the gay taverns located on Clark St. or Halsted St. He specifically mentioned men's bathhouses, one by the name of Man's Country Bath Club located on Clark St. in Chicago, the Unicorn Club, which is also a gay bath house located on Halsted. At this time the detectives from Chicago also asked Jeffrey DAHMER if he had made any personal acquaintances while he was in Chicago, to which the suspect answered that all the male homosexuals he met in Chicago were strictly one night stands and he did not become personally involved with any of them. He also stated he never left the gay area or the gay bath houses with any of his acquaintances and accompanied them to their personal homes or apartments. He stated that the males he met in Chicago were of all different racial and ethnical backgrounds including both black and white males. also stated that on several occasions while he was visiting bath houses in Chicago, he brought his sleeping pills and used them in a rum concoction to drug several of his "gay pick ups" (as he called them) during the one night stands. He stated that only one of them realized he had been drugged and the following morning accused him of putting something in his drink and struck him about the face before leaving. He stated he was never reported to any of the owners of the bath house or to the Chicago Police regarding his activities.

Upon being questioned further regarding his gay activities in the Chicago area, he stated to the detectives that he received his information regarding gay bars, gay bath houses, and gay functions in the Chicago area by reading gay publications which can be picked up readily in various locations both here in Milwaukee and in Chicago. At this time Jeffrey DAHMER denied being involved in any violent or homicidal acts while he was in the Chicago area and stated that the only two males which he had met in Chicago and

brought back to Milwaukee and subsequently murdered are the individuals whom he has already discussed with the Milwaukee Police and those incidents have been documented thoroughly. At this time the detectives concluded their interview.

At this time myself, Det. KENNDY, along with Attorney Wendy PATRICKUS, were informed that detectives from the West Allis Police Department also would like to speak with Jeffrey DAHMER and they were admitted into the interview room. At this time Det. NOVAK and Det. RISSE, entered the interview room and questioned the suspect Jeffrey DAHMER regarding the possibility of any bones or materials left over from the victims which he had murdered at his grandmother's house located in West Allis. The purpose of this was to determine whether or not a search warrant would be needed in order to dig up areas around his grandmother's house. At this time Jeffrey DAHMER stated that there would be no need to get a search warrant because all of the bones were disposed of in the trash and carried from the home. He denied burying any of the bones or personal affects of his victims which he killed in the West Allis home, anywhere on the property in West Allis and he denies spreading the bones around any other area in West Allis. He stated that all of his victims were disposed of through the trash and taken away by West Allis public trash collection. At this time they also questioned Jeffrey DAHMER regarding the instruments he used to cut up his victims in West Allis, to which he stated he is unsure what type of knife he used, however he is positive it was not a kitchen utensil from his grandmother's kitchen, that he bought the knife and disposed of the knife the same way he did the body, that being through the trash.

Regarding the GJERRERO identification, the West Allis detectives were interested in how he was positive that the victim that he had killed was in fact GJERRERO and he stated that after viewing the ID photo provided by the Milwaukee Police, he was also given newspaper pictures dated during the time element in which GJERRERO was missing and stated that he distinctly remembered reading the newspaper article and seeing the picture of his victim in the newspaper and realizing that was in fact the victim he had brought back to his grandmother's house and this is why he is sure that GJERRERO is in fact one of his victims.

Lastly the detectives inquired regarding his victim, SEARS. He stated he met the

## NARRATIVE:

On Tuesday, 07-30-91, we Detectives Dennis MURPHY and Patrick KENNEDY while interviewing the subject, Jeffrey DAHMER in the presence of his attorney, Wendy PATRICKUS, aske him numerous questions regarding the Bath County Ohio Homicide which occurred in 1978.

I asked Mr. DAHMER where was the trash barrel he used to burn the victim's clothes by his house, and he stated behind the cliff where he threw the bones near the property line; the trash container was on his property, but the cliff was mostly on the next property just to the west of his residence. He stated he burned all of the victim's clothes, plus his i.d. in this trash container.

We also questioned him regarding the location of the tree where he hung the dog, and he stated it was in the lot next to his residence, namely the woods after the lot. He stated this would probably be east of his house in the wooded area past the next lot. He further stated it was the same wooded area, where a girl had committed suicide in 1977. Regarding the dog, he stated it was a road kill and he cut it open and removed the insides and hung it in the tree.

I then questioned him further regarding where he had disposed of the knife in the river which was used in the homicide, and he stated the river ran along the treatment plant and the bridge ran across the river. He stated it was the closest bridge to the treatment plant, near the landfill site. He then drew a map for me indicating this location. He then stated that he parked the car on this bridge, got out and threw the knife and the victim's necklace about 10 ft out into the river which was approximately 50 ft wide. He stated the name of this town may be Cuyahoga Falls in Ohio; he stated that sounds like the town.

We also questioned him regarding the time he was stopped by the police in June of 1978, and he stated the police stopped him around 3:00 AM (in the morning), because he was driving left of center. He stated when he was stopped he was detained for approximately 1/2 hour and was given a drunk test. He stated he was made to walk the line and do the finger to nose test; he passed both test and was eventually given a ticket. He further stated when the police stopped him there was one car and one officer, but this officer

called for back up and another car and officer arrived. I asked him if he had been drinking and he stated he was not -1 asked him how did he act when the police stopped him and he stated he was very nervous, but he tried to act calm. I then asked did the police look in the car and he stated, yes with their flashlights and they then asked what were in the bags that were on the rear seat. He stated there were three bags on the back seat and he informed the police that it was garbage and that he had not had the chance to take them to the landfill and he was going to do that tommorrow. I then asked him if there was an odor coming from these bags which he stated had contained the body parts of the victim. DAHMER stated there may have been a slight odor he is not sure; the windows of the car were rolled up to the best of recollection. I asked him what was the reason he told the officers that he was out driving around, and he stated he told the officers that his parents were recently divorced and he couldn't sleep, so he just went out for a drive to get this off of his mind. I then asked him if he was arrested previously and he stated to the best of his knowledge he had not been arrested prior to this stop and he subsequently received a ticket for driving left of center.

I asked him what was his intentions with the three bags containing the body parts and he stated he was going to take them and throw them down the gulley in the road, but before he got to that location he was stopped by the police. He stated once he was issued his ticket, he then made a u-turn and then proceeded back to the residence and placed these bags in the draninage pipe behind the house. I then asked him how long it had been since the murder and he stated it was possibly the next day or so after the murder that he did this with the intentions of disposing the body in this manner, but being that he was stopped he left the bags in the drainage pipes for a week or two, removed them and subsequently broke them up with either a large rock or a sledge hammer and then spread them around the first cliff in his yard.

DAHMER stated at the time the police were talking to him he was near the side of the car and they made him walk to the rear of the car to take the drunken driving road field sobriety test.

DAHMER further stated he could not recall the type of knife he used to cut up and dismember the body, only that it was possibly one from his house and he threw it in the river with the victim's necklace.

## NARRATIVE:

On Tuesday, July 30, 1991,\_I, Detective KENNEDY along with Detective Dennis MURPHY, while interviewing the suspect Jeffrey DAHMER in an interview room of the CIB, were accompanied by Attorney Wendy PATRIKAS when the following questions regarding possible inquiries into other connections of the above offense were given to Mr. DAHMER. At this time, I questioned him regarding the fact that information was received from out of state jurisdictions that in 1981 we received information that a man fitting his description was in the Hollywood Mall which is located in Hollywood, Florida and that this white male fitting his description apparently attempted to pick up an individual and that this individual making this report states that this was the same day that the victim, Adam WALSH, was last seen and then later found decapitated with body parts missing. Regarding this inquiry, the subject Jeffrey DAHMER states he admits that he was in Florida during the time that Adam WALSH offense occurred. He states he realized this because of the news media at the time; however, he denies any part in the offense regarding Adam WALSH and states that he was never at any time in Hollywood, Florida or the Hollywood Mall.

Regarding a report from the Gay and Lesbian Community Center at UWM which states that in June or early July of 1991, they received a phone call at approximately 8:45 P.M. which stated "I just killed a sick fucking fag last night and I feel real good about it" and went on to state other spurters regarding homosexual orientation and the fact of killing them and that this tape was reported to the Milwaukee Police and felt that it was regarding Jeffrey DAHMER. Jeffrey DAHMER at this time denies ever making any phone calls to the Gay and Lesbian Community at UWM. As a matter of fact, he states that at no time did he make any phone calls to anyone including the victims of his offenses regarding his offenses. He states that he never called the family of the victims of his offenses and he never called any Gay or Lesbian hot-lines to admit to his offenses. He also states that he has absolutely no hatred for homosexuals and that he, in fact, prefers homosexuals and to use his words in a twisted or preverted way he actually loves them.

Regarding a report that an individual from Talmadge, Ohio reports that on July 6, 1981 he was hitchhiking when he was picked up by a white male who resembles Jeffrey DAHMER and that this individual had a portion of a human leg in the front seat of his auto. Jeffrey DAHMER at this time states that he never owned a vehicle in Ohio at the time this report was supposedly made and that he was in Miami, Florida during this time and denies

being involved in this.

Regarding a report taken from the Fresno Police Department that a foot was found in Fresno County on March 30, 1991 in a vacant field, Jeffrey DAHMER states that he has never been in California and specifically has never been in Fresno, California in his entire life and he denies any involvement in this offense.

Regarding the We-Tip information that we received stating that the suspect Jeffrey DAHMER recently worked in the Moreno View Manor Nursing Home under the alias of Mike NASERS, Jeffrey DAHMER states that he has never in his life used an alias and he has never worked in a nursing home here in Milwaukee or anywhere else in the world.

Regarding an inquiry sent to the Milwaukee Police by the Woodstock Police Department regarding a suspect wanted for a double murder in their jurisdiction, that suspect being a Richard J. CHURCH-M/W, dob-3/24/69. At this time, I showed Mr. DAHMER a photograph of Richard J. CHURCH and he stated that he believes that he has seen this picture before on some crime show, possibly America's Most Wanted; however, he denies ever meeting or knowing the suspect, Mr. CHURCH, and also denies he is a victim in any of his offenses.

Regarding a We-Tip we received stating that the suspect, Jeffrey DAHMER, had hidden body parts from some of his victims in the walls of his apartment and plastered them over, Jeffrey DAHMER states that he emphatically denies hiding any body parts of any of his victims in the walls of his apartment and states that all body parts which he kept from his victims have been taken into the custody of the Milwaukee Police Department.

Regarding information given by United States Armed Forces regarding Jeffrey DAHMER'S stay in Germany, he denies this entire report and a detail supplemental by Detective Dennis MURPHY has been filed regarding this information.

At this time, the interview with Jeffrey DAHMER was terminated and he was taken back to the Milwaukee County Sheriff's Department and turned over at approximately 4:45 P.M. on July 30, 1991.

On Tue., 7-30-91, we, Det. Dennis MURPHY and Patrick KENNEDY, reinterviewed the defendant, Jeffrey DAHMER, at the CIB in the presence of his attorney, Wendy PATRICKUS. At this interview which began at approximately 11:30AM, we asked him several questions regarding some of the victims and regarding various calls that had come in to our department.

We questioned him regarding victim #1, whom he stated died at the Ambassador Hotel and he related that he met this individual about one week before Thanksgiving in 1987. He stated he had rented a room at the Ambassador Hotel and had previously prepared sleeping pills in a glass by breaking the pills down to a powdery form and leaving this form in the glass. He stated that when he and the victim returned to the hotel, he made a rum and coke in the glass with the pills. He stated he gave this drink to the individual and the individual subsequently passed out. Mr. DAHMER stated he had also drank a lot and was lying in bed with this individual and he passed out. When he awoke, he discovered the victim dead and blood coming from the side of his mouth. He stated that he also noticed on the victim, severe bruising on his chest and that he (DAHMER) had bruising on his forearms, so he surmised that he had beaten the victim about the chest, possibly killing him. After this occurred, Mr. DAHMER took the room for another night, proceeded to the Grand Avenue Mall, where he purchased a large suitcase from Woolworth's. He stated the suitcase had a zipper with a leather buckle going around the suitcase. He stated he placed the victim in the suitcase and conveyed him to his grandmother's residence via a cab.

Once at his grandmother's residence, he used a knife to dismember the body and he disposed of the body parts in the trash. He stated he did not use his grandmother's knife, but used one of his knives that he possibly bought at the mall, but he is not sure. He also stated that he did dispose of the suitcse.

We questioned him further regarding his use of the sleeping pills and he stated that in all of the cases, he would have the sleeping pill broken down into a powder form in the bottom of either a glass or a cup and when he would prepare the drink for the individual, using either coffee or rum and coke, he would use the glass or cup that contained the

On Wed., 7-31-91, I, Det. KENNEDY, along with Det. Dennis MURPHY, were contacted by the Milwaukee County Sheriff's jail, that the suspect, Jeffrey DAHMER, wished to speak with us. At this time, after obtaining an order to produce, we arrived at the fifth floor of the Milwaukee County Jail, where we met the suspect, Jeffrey DAHMER, and returned with him to the fourth floor of the CIB and placed him into an interview room. While in the interview room, we were accompanied by his defense attorney, Wendy PATRICKUS, and at this time we conducted the following interview.

I asked Jeffrey DAHMER if he would answer some questions regarding inquiries made from other jurisdictions. He stated to the affirmative to this. I asked him regarding Kingsford, Michigan, who are investigating a white male by the name of Michael SMITH, who has been missing since 5-27-91. At this time I showed him a picture regarding Michael SMITH, asking if this could possibly be the first victim he had met in Wisconsin and murdered in the Ambassador Hotel. After viewing the photos he stated that he had never seen this individual before and denied that he is involved in the missing of Michael SMITH.

At this time, I asked Jeffrey DAHMER regarding information received that an individual by the name of Terry MINUS was involved with him in occult study while in Germany, and the fact that this individual stated that Jeffrey DAHMER leased a farm in Sandusky, Ohio, where he has buried remains of several of his victims. Mr. DAHMER stated that this is untrue, he knows no one by the name of Terry MINUS and that he was never into the occult while he was in Germany. He also stated he was never in the Marine Corp., which this individual alludes to.

Regarding information from Dr. James CERVENANSKY, who is a physician at West Allis Memorial Hospital, Dr. CERVENANSKY reported that on 1-7-91, he received a phone call from an individual who identified himself as SHRIEBER and stated he was a doctor. He went on to state that this doctor stated he was performing an autopsy on an individual who had been dead for approximately six days, and while cutting around the leg area, all the toes began to move. Dr. CERVENANSKY stated this individual stated he was wondering if this was proper for this to happen and was wondering if this was possibly Jeffrey DAHMER calling to get information regarding his victims. To this Mr. DAHMER stated he has never used any

Regarding information received from the Brookfield Police Department that an individual by the name of <u>Jeffrey DAHMER</u> pawned a ring on 8-8-88, at a gold and silver office located in their city, to which Mr. DAHMER stated he in fact did buy a blue topaz ring with a gold setting from Bailey, Banks, and Biddle, located at Northridge Mall in Milwaukee for approximately \$1500, sometime in the summer months of 1987. He stated he bought this ring because he has always had an interest in jewelry and especially rings and that at the time he felt the large topaz was attractive to him. He stated that approximately a year later, because of his drinking habits, he was running low on cash and took that ring to a gold and silver establishment on Bluemound Road, where after bargaining with the individual working behind the desk, he obtained \$189 for his topaz ring. He stated the ring did not belong to any of his victims and he again denied selling any of the jewelry which he obtained from any of his victims and that if there was any jewelry on any of his victims, he simply it them out in the trash, along with body parts.

Regarding an inquiry made from the Joliet Illinois Police Department regarding a missing by the name of Terry ROUSE, W/M, approximately 24 years old, who has apparently been missing since 5-10-91, inquiries were made as to whether he was a possible victim of Mr. DAHMER's. After viewing the photos and newpaper article sent along with the inquiry, Mr. DAHMER denied ever seeing this individual or that he was one of his victims.

Regarding an inquiry sent by the Police Department in Fresno, California, who sent along a picture of a white male by the name of <u>PURTELL</u>, whose leg part they found in Nortern California, Mr. DAHMER viewed the photo and stated he has never seen this individal before. He again reiterated the fact that he has never been in California at any time in his life. He denied any part in this offense.

Again Mr. DAHMER was asked regarding if he had ever been in Hollywood, Florida, and any connection he may possibly have with Adam WALSH. Mr. DAHMER again, adamantly stated he has never been in Hollywood, Florida. He has never been in the Hollywood, Florida mall, and he in fact had nothing to do with the abduction and subsequent dismemberment of the young boy by the name of Adam WALSH. He denied committing any murders while living in

At this time Mr. DAHMER was questioned regarding recent newspaper stories that stated that as an eight year old boy in Ohio, he was sexually assaulted by a neighbor. To this Mr. DAHMER stated this is untrue, that the first time he experienced any sexual behavior was when he was approximately 14 year old and that was with the young man who lived across the street by the name of Eric TYSON (phonetic). He stated that Eric was one or two years younger then him and that they mutually consented and got together on several occasions in a tree house where they simply kissed and touched each other's body.

I then questioned Mr. DAHMER regarding a possible victim of his, that being Luis PINET, Puerto Rican male, DOB: 10-25-74. At this time I showed Mr. PINET's photo, which was a family photo, to Mr. DAHMER and after viewing it, he stated that this in fact is the individual whom he fought with in his apartment on approximately 7-8-90. Regarding the incident with Mr. PINET, he stated the day previous to the fighting with Mr. PINET, he had met Luis PINET at the Phoenix tavern and had asked him to accompany him home to his apartment for some homosexual activity and offered him money to pose for nude photos. He stated that on this occasion Mr. PINET readily accompanied him home to his apartment and they had "normal homosexual sex." He stated at this time they spoke of meeting again the following night at the Phoenix. He stated that Mr. PINET left on his own accord that night.

Mr. DAHMER stated that the following nigh the went to the Phoenix tavern located on South 2nd St., where he again saw Mr. PINET. He stated at this time Mr. PINET again voluntarily decided to return with him to his apartment and at this time they took a taxi from the Phoenix tavern to 23rd and Wells, where they got out and walked. At 23rd and Wells, Mr. DAHMER stated he stopped and bought himself some cigarettes and from there they walked to his apartment building. He stated the reason why he would have the taxi drop him off several blocks from his apartment was in order to keep the taxi driver from knowing exaxtly where he lived at and to see if anyone had been following him, as he did not want anyone to detect his activities. He stated that after buying the cigarettes, they walked to his apartment and once inside, they had conversation, however he can not recall the words. He stated that at this time he asked Luis if he would get undressed and

He stated Luis lay on the bed and he took several photos, however they did not come out, so he asked Luis to turn on to his stomach so he could take some back shots of Luis with is Polaroid camera. Mr. DAHMER stated at this time he was starting to become intoxicated and had run out of sleeping pills to put into his rum coffee potion in order to give to the victim. He stated that in preparation for this evening and knowing he was out of sleeping pills. he had gone to the hardware store and purchased himself a rubber mallet hammer. He stated he did this because it was cheaper then filling his prescription which cost approximately \$30. He stated his intention was to strike the victim on the head with his hammer and knock him out so that he would be able to strangle the victim while he was unconscious. He stated at this time as Mr. PINET was lying on his stomach, he retrieved his hammer and struck the victim on the back part of his neck. He felt that by striking him on the back of his neck, he would cut off blood going to his brain and cause the victim to pass out, however this only made Luis PINET angry and at this time they got into a physical fight. He stated that during the fight, he tried to explain to Luis PINET he only struck him because he thought he was going to take the money, rob him and run out without giving him photos. After fighting for awhile on the front room floor, the victim promised he would not call the police and was allowed to leave the apartment.

He stated the victim left the apartment and apparently went to the corner phone booth in order to call for a ride home and after discovering he had no cash, returned to the apartment and knocked on the door. Mr.DAHMER stated he opened the door and admitted Mr. PINET back into his room and that they sat on the bed in his bedroom and spoke about the incident all night. Mr. DAHMER stated there was no homosexual sex between them for the rest of the evening and they simply sat up all night talking about the fact that Mr. DAHMER had struck him with a hammer and whether or not Mr. PINET was going to report him to the police. Mr. DAHMER stated he felt comfortable that the talk he had with Mr. PINET regarding the entire incident, had calmed down to the point where Mr. PINET was not going to complain to the police about him and that early the next morning he allowed Mr. PINET to leave the apartment. He stated he does not recall seeing Mr. PINET again, after this incident and this was all the information he was able to give me regarding this offense.

Refer to Lacy Follow Up Number:

On Wed., 7-31-91, we, Det. Dennis MURPHY and Patrick KENNEDY, along with Defense Attorney Wendy PATRICKUS, were present at the Criminal Investigation Bureau in an interview with the defendant, Jeffrey DAHMER, who had requested our presence to attempt to identify other victims, and to answer any questions we may have relevant to this investigation.

Mr. DAHMER was shown a couple of photographs of individuals regarding this investigation and a supplementry report will be called in by Det. KENNEDY regarding these photographs. We then asked Mr. DAHMER numerous questions regarding our investigation and he answered them freely.

We questioned him when he left Miami Beach, and he stated that it was about Sept. of 1981 and that he possibly flew by Pan Am Airlines to Cleveland Airport in Ohio. He stated that when he left Florida, he left on a ticket supplied by his grandmother. We also questioned him regarding his activities in Miami Beach when he moved there, and he stated that he moved there right from the service, and that when he left the service, he left all of his Army uniforms and clothing in Germany. He stated that he did not want to wear anything green once he was out of the military, and he never had an Army fatigue jacket. He also stated that he never wore any type of baseball cap or other cap.

We then asked him numerous questions about his apartment and articles used during the commission of the offenses and he stated that he used drill bits to drill holes in the heads to flush them out and these drill bits should be in a box or they were in the box in his apartment or they were on the floor. He stated that the Police should have recovered this.

He also stated that the spray paint that he used, which was a fake granite type, blueish color, should have a pamphlet in one of his drawers in the residence. He stated that he does not recall the brand name, but the can was light complected. He stated that he bought this at Pallet's Art Store on Water St. This will be checked out by Det. Randy BAIER.

Regarding the makeup he used to color the genitals that he kept of one of his victims, he stated that he bought a skin tone type make up at Sears at South Ridge and this was a specialized makeup that used for hiding marks or discolored skin. He stated that

the reason that he colored this is because he wanted it more of a flesh color.

We then asked him questions regarding where he may have gone on vacation out of the states and he stated that in 1976, he went with the family to Puerto Rico on a two week vacation, and that's the first time that he had ever drank rum. He stated that he was with his parents and that nothing happened while he was in Puerto Rico.

He also stated that during all the initial meetings with his victims, he always offered money for sex or taking photos or watching videos, or a combination of these; but stated that it was not for heavy sex, he just hoped it would lead to that.

We questioned Jeff regarding some of the victims, and he stated that one of the victims, namely Ed SMITH, who was the bald headed guy, victim number six, and we asked him if he knew this individual by the nick name of "Sheik". He stated that he did not know his real name nor his nick name, but this individual did wear a headband like an Arib type headband. He stated that he did take photographs, but he tore them up and threw them out.

He stated that most of the homicides took place either on weekends or when he had time off from work. He also stated that he does not drive a car, never owned a car in Wisconsin, and that he did accept rides home from the Ambrosia Chocolate factory a couple of times from his supervisors, but he never used his car, nor anyone elses while in Wisconsin.

DAHMER at this time again stated that he was not involved in any other homicides and that if he can recall any information that would help us for our investigation, he will contact either myself-Det. MURPHY, or Det. KENNEDY with this information.

Mr. DAHMER did bring along with him a book that he had received by mail from the Vanity Fair Magazine, and this book's title was "Killing for Company", written by Brian MASTERS. This book depicted a case of a suspect, Dennis NILSEN, who would kill people, dismember them, and throw them in plastic bags and dispose of them. This case is possibly similar to Mr. DAHMER'S, and Vanity Fair requested an interview from him. This information was given to his attorney in our presence, and she kept the copy of the book.

An appointment was set up that we obtain an order to produce on Thursday, 8-1-91 and have a meeting at the Criminal Investigation Bureau at 1:30 with Mr. DAHMER, his attorney, and Wendy PATRICKUS to show him additional photos we expect to arrive today of possible victims. Also to ask any additional questions that may arise through the evening.

Report dictated by Det. Dennis MURPHY.

On Wed., 7-31-91, we, Det. Dennis MURPHY and Patrick KENNEDY, in the presence of Attorney Wendy PATRICKUS, who is the attorney for Jeffrey DAHMER, interviewed Jeffrey at the CIB, Room 421. Mr. DAHMER was interviewed regarding a teletype we had received from the German Federal Criminal Police, requesting we ask certain investigative questions which may help them determine if Mr. DAHMER was in their country at the time some homicides had occurred or whether he was station in the Army at this time. This teletype was sent to our department by a Legat BONN. This teletype requested we ask approximately eleven questions relative to our investigation, which were as follows.

Which police agency was leading the investigation in the United States, and that is the Milwaukee Police Department located at 749 West State St., Milwaukee, Wisconsin, 53233.

Next I requested the background of Mr. DAHMER, including his blood type and whether or not he has any knowledge of German. At the present time in this investigation, we do not know his blood type and he stated he does not speak any German. Mr. DAHMER was born on 5-21-60, in Milwaukee, Wisconsin at Deaconess Hospital. He attended and graduated from the Revere High School in Akron, Ohio. He attended from September of 1975 until June, of 1978, and he received his high school diploma. He then went on to Ohio State University in Columbus, Ohio, where he attended from September of 1978 until December of 1978, but he did not graduate. He then immediately enlisted in the Army on December 29, 1978. He was rated as Private El and enlisted in Cleveland, Ohio. Following his enlistment, he was sent to Military Police School in Ft. McClellan, Alabama, for an eight week course, which he did not complete. On May 11, 1979, he was sent to the Army Hospital School at Fort Sam Houston, Texas, in San Antonio, where he attended a six week course to become a Medical Specialist. Upon completion of this course, he was assigned to Headquarter Company, 286 Armor Division, 2nd Battalion, 68th Armor in Baumholder, Germany. He was stationed at that post from June of 1979, until March 24, 1981.

Upon his discharge, he was sent to Fort Jackson, in South Carolina, where he was discharged on March 26, 1981, from the United Stated Army, at which time he took a plane to Miami Beach, Florida, where he remained until approximately September of 1981. He then

returned to his Bath, Ohio, where he had been living prior to joining the service. He remained in Bath, Ohio, until approximately December of 1981, when he moved to Milwaukee, Wisconsin, and lived at 2357 South 57th St., in West Allis, Wisconsin. He remained there with his grandmother until approximately 1988, when he moved about May of 1988, or in that vicinity, to 808 North 24th St. He then was arrested for taking pictures of a minor, charged with Second Degree Sexual Assault, and subsequently sentenced to a year under the "work release program" and five years probation. Approximately June of 1989, he began serving his term and was released in March of 1990. He moved back in with his grandmother at 2357 South 57th St., until May of 1990, when he then moved in to the apartment at 924 North 25th St. It was at this location where he remained until his arrest.

He stated that while he was stationed in Germany, he went to Munich for October Fest of 1980, and went to the Lansthole (phonetic) for about two months of training. He also stated he would go to Ideroberstein, Germany, for dinner, but never would remain overnight. He stated these were the only places he would travel to in Germany.

We did question Mr. DAHMER about any crimes he may have committed in Germany and he denied being involved in any offenses. We questioned him regarding any sexual abuse crimes against children or other sexual crimes and he again denied being involved in any of these offenses. He stated he did not deal with any homosexuals while he was in Germany, and he would satisfy himself by looking at magazines and masturbation.

Mr. DAHMER did leave Germany as soon as his military duties ended. He stated he has not visited Germany since he left the Army, nor did he have a passport. He also stated he does not have any relatives living in Germany and that he has been a homosexual all his life. He stated he is not interested in women or not intentionally in juveniles, and he stated the age group he participated with the homosexuals ranged from the late teens, 18 - 19, to the middle to early 20's. He stated if the individual is younger but looks older, he will attempt to have a relationship with him.

In regards to the number of victims in the United States, Mr. DAHMER admits to killing seventeen people. Of these, one is from out of Wisconsin, that was his first victim in June of 1978, and that was a white male who he killed in Bath, Ohio. The next victim was in November of 1987, and that was a white male, 25 years of age, whom he killed in

On Wednesday, 07-31-91, we, Detectives <u>Dennis MURPHY</u> and <u>Patrick KENNEDY</u>, reinterviewed the defendant, <u>Jeffrey DAHMER</u>, at the Detective Bureau. This interview was conducted with his attorney, <u>Wendy PATRICKUS</u>, present. After his attorney had left and we were just about to convey Mr. DAHMER back to the county jail he requested another cup of coffee and a cigarette. We provided him with this and upon sitting with him we asked him whether or not he would be willing to answer some questions regarding the last offense, namely the attempt homicide, file #91-51770, which had lead to his arrest. Mr. DAHMER stated that he did not need his attorney present, that he has cooperated with us fully and he will continue to cooperate with us. He wished to tell us what he recalls of the incident.

Mr. DAHMER stated that about a week prior to this offense which had occurred on 07-22-91, he met the subject, <u>Tracy EDWARDS</u>, at the bus stop infront of the Eagles Club at 24th and Wisconsin. Mr. DAHMER stated that he was just sitting there drinking a beer and thinking when the victim asked DAHMER for a cigarette. There was small talk and then the victim got on the bus.

Mr. DAHMER stated that about a week later, 07-22-91, he was having pizza and some beers at the Grand Avenue mall. After he finished this he walked down to the 3rd Street front entrance of the mall and he saw the victim with two other of his friends. He stated that he approached them and they had small talk, this was at about 5:00 or 6:00pm. He stated that he then asked the victim if he wanted to make approximately \$50.00 to \$75.00 to go home with him so that he can take some pictures of him and watch some videos. He indicated that the victim then went over and talked to his friends and they agreed to go to his apartment. He stated that they all walked over to the liquor store, the victim and both of his friends, which is located at 6th and Wisconsin. He stated that he went into the liquor store, bought a bottle of rum and coke and, he believes a 6 pack. He related that as he walked out his two friends were gone so he and the victim proceeded to the Greyhound bus station where they took a taxi. He stated that he got out of the taxi infront of the Eagles Club so that nobody would know where he lived and they walked to his residence.

He stated that they were sitting there talking about going to the gay bars in Chicago and they started watching videos, namely Exorcist II. He then started talking about taking some pictures, namely bondage pictures, and he told the victim that he wanted to handcuff him. He stated that he got the first cuff on him as they were sitting on the edge of the bed in the bedroom.

Mr. DAHMER stated that then things begin to get fuzzy and he does not remember having a knife or putting a knife up to the victim. He stated that he must have blacked out. He also stated that he does not remember telling the victim anything about showing him things that he would not believe. Mr. DAHMER stated that he then recalled hearing a knock at the door, which he answered, and he observed two Police Officers along with the victim standing in the hallway. He related that he invited them in and the victim still had the handcuff on his wrist. The next thing he can recall is that one of the Police Officers went into the bedroom and then he heard him say, "cuff him," at which time the other Officer placed handcuffs on him. He indicated that when he placed the handcuffs on him he began to struggle. He stated that he continued to struggle even when the Officers opened the refrigerator door. I asked Mr. DAHMER whether or not he told the Officers where the handcuff key was because the Officers could not remove the cuffs and stated that he might have said they were in the bedroom but he doesn't remember. He also related that he didn't remember showing any photos to the victim nor does he remember threatening the victim with a knife. He did state that the reason he uses handcuffs is so that he can keep control of his victims. He stated that he keeps the knife in the bedroom. I asked Mr. DAHMER if he remembered stating anything to the victim about threatening him or about cutting his heart out and he stated that he does not recall doing this. I asked Mr. DAHMER why he fought with the Police and he stated it was probably because he did not want to be arrested, and that he did not want them to see what was in the refrigerator. Mr. DAHMER stated that he cannot recall everything regarding this due to the fact that he had been drinking and thought he was intoxicated. Mr. DAHMER does recall when the Police arrived but stated he does not recall the victim leaving nor does he know when the victim left his apartment.

Mr. DAHMER stated that he had seen Mr. PINET working at the 219 Club as a clean up helper for some time before he actually got to know him. He stated that he observed Mr. PINET cleaning up glasses and sweeping up floors in that tavern several times late in the evening. not there so he went about his business for the day. He stated that later on that evening he again returned to the gay area of town, that being 200 S. 2nd Street, where upon bar time, that being approximately 2:30am, he again saw Mr. PINET standing inside the Phoenix tavern. He stated that Mr. PINET did not buy that explaination and he left stating that he was going to call the Police. Mr. DAHMER stated that Mr. PINET, in fact, left the apartment and the apartment building, however, approximately 10 minutes later he heard pounding on the outer apartment lobby door and when he went to investigate Mr. PINET was standing there requesting to get back in and asking for money. Mr. DAHMER stated that at this time Mr. PINET followed him back to his apartment and once inside Mr. DAHMER grabbed him by the neck and attempted to strangle him and a fight ensued. He related that they fought for a couple of minutes when Mr. DAHMER simply stopped fighting and decided to calm the situation down by stating, "lets talk." He stated that Mr. PINET agreed although he was highly agitated and they went into the bedroom where they sat down. DAHMER stated after calming him down he asked Mr. PINET if he would, in fact, allow him to tie his hands behind his back and Mr. PINET agreed. Mr. DAHMER stated that he tied Mr. PINET'S hands behind his back, however, not very tight and they continued to talk. He indicated that during the next ½ hour or so Mr. PINET wiggled free from the extension cord he had tied on his hands and attempted to leave the apartment when Mr. DAHMER, in fact, grabbed his six inch bladed, black plastic handled, knife. He stated that he believes that PINET thought this was a gun and decided to sit down again. that they again began to talk and talked approximately until 7:00am. Mr. DAHMER stated

that during the talk he was trying to convince <u>PINET</u> not to tell the Police about the night's activities and he continued to apologize for striking him with the hammer. Mr. DAHMER stated that although he did intend to kill PINET and make him one of his victims, that because of the previous nights sexual activities and that fact that they had spent hours talking, he began to sober up and know Mr. PINET on a more personal level and had decided that he would not kill him. He indicated that at approximately 7:00am in the morning he walked Mr. PINET to the bus stop on 24th and Wisconsin and gave him money for cab fare. He indicated that was the last he saw of Mr. PINET until about 5 or 6 months later as he was walking in the Grand Avenue mall he observed Mr. PINET walking in the mall as well. He stated that Mr. PINET approached him and said "hi." ### NARRATIVE

On Monday, 08-05-91, I, <u>Detective KENNEDY</u>, along with Detective <u>James</u>

<u>DEVALKENAERE</u>, proceeded to the 5th floor lock up of the Milwaukee County jail where, after obtaining an order to produce, we met the suspect, <u>Jeffrey DAHMER</u>, and returned with him to the 4th floor CIB where his attorney, <u>Wendy PATRICKUS</u>, was waiting. At this time we all entered into the interview room and conducted the following interview.

Regarding information from the Detroit Police Department and a photograph of <u>Alex Reginald BROWN</u>, who was reported missing from Detroit, DAHMER stated, after viewing the photo, that he has never seen this individual before and denied that he is one of his victims.

Regarding photo #150029 from the ID Division, that being a David Allen LEE, DAHMER stated that this is not one of his victims and he has never seen him before.

Regarding photo #244202 from the ID Division, that being Ronald (nmn) BROWN, DAHMER stated, after viewing the photo, that he has never seen the individual before and denies he is one of his victims.

Regarding information obtained about a white male by the name of Michael J. HEFFNER, DOB 06-23-53, Ina 1328 E. Albion and a report that he had, in fact, lived with DAHMER for a period of time at his 25th Street address, DAHMER stated that he has never had a live in companion. He stated that none of his sexual pick ups ever spent more than one night except for the individual later identified as WEINBERGER who he brought home with him from Chicago. He related that at no time while he lived in Milwaukee did he have a roommate and at no time did he have a companion who came and spent several days with him.

Regarding a photo obtained from the family of Marvin Guy BIZELLE Jr, B/M, DOB 01-12-60, DAHMER stated that he has never seen the individual before and denies that he is one of his victims.

Regarding a photo sent from Ashland, Wisconsin of <u>Bobbie MAYOTTE</u>, Indian male, 11yoa, who has been missing since 09-17-88, DAHMER stated that he is not one of his vic-

tims and he has never seen him before.

Regarding information from Orlando, Florida stating that a missing juvenile was reported missing on O6-18-85 and a brief description, DAHMER noted that he was living in Milwaukee at the time of this missing juvenile. He stated that he has never been to Orlando, Florida and that he has never made any return trips to visit the Florida area after moving to Milwaukee.

Regarding information from Toledo, Ohio Police Department regarding a black male who had been found on O4-21-80 dismembered in their city DAHMER stated that he has never been to Toledo Ohio and at the time of this offense he was serving time in the Armed Forces in Germany and denies any part of this offense.

At this time we showed family photographs regarding a possible victim of DAHMER'S, that being Steven W. TUOMI, W/M, DOB 12-19-62, Ina 1315 N. Cass Street. Mr. DAHMER viewed this photograph and positively identified him as being the individual whom he first murdered in Milwaukee at the Ambassador Hotel.

It should be noted that Detective James DEVALKENAERE will file a detailed supplementry regarding this identification.

At this time the interview was terminated and DAHMER'S attorney, Wendy PATRICKUS, left the building. As I was attempting to take Mr. DAHMER to the 5th floor of the Sheriff's lock up we again began to speak regarding the second victim in Milwaukee and the fact that we have been unable to identify this individual through photographs. Mr. DAHMER stated that the photo that he has viewed, which has been provided by the ID Division, does have similarities of the person who he was with during this offense, however, he stated that he cannot be sure and that it would be helpful if he could receive other family photographs. At this time I advised Mr. DAHMER that the only family photos available of this possible victim would have him considerably younger, approximatley 14 or 15 years old. To this Mr. DAHMER stated that even younger photographs would be of help and stated he would be glad to view them as they came in.

At this time I asked Mr. DAHMER if he would like to again go over the offense regarding the second victim here in Milwaukee and he stated that he did. He stated that to the best of his recollection he remembers him as being an light tanned skined male and he assumed he was 18 to 20 years old as he met him infront of the Phoenix club at approxi-

mately 1:00am in the morning. He stated that he may have been younger than this, however, because he was out at this hour and infront of a tavern he assumed him to be slightly older. He indicated that he believes he offered him \$50.00 to return with him to his apartment, to watch videos and have sex. He related that at this point they took the bus to 57th and National and they then walked to his grandmother's house. He stated that they did not have any conversation on the bus as they sat in separate seats because the bus was slightly crowded. He stated that once at his grandmother's house they sat in the front room and had some light sex which he described as hugging and kissing and that at this time he told the victim that it would be quieter down in the basement. He related that they proceeded to the basement where there was a large easy chair and they continued to hug and kiss and mutually masturbate one another. He indicated that it was around this time that the victim stated that he would have to be home in the morning. this Mr. DAHMER made him a drink of coffee Irish cream and the sleeping pills. that after the individual fell asleep he pulled out a old sheet and layed it on the ground of the basement. He indicated that he did this because the basement floor was chilly. layed the victim on the sheet and at this time he strangled him. After strangling him he layed on top of the victim and kissed and hugged and held him and then wrapped him up in the sheet and placed him in the fruit cellar. He stated it was approximately 7:00am in the morning at this time and his grandmother awoke. He indicated that he went upstairs and had breakfast with his grandmother and after she left for church he returned to his victim and decided to dispose of his body.

At this time I asked him how he went about disposing of his victims. He stated that he generally placed them near a drain or in a tub, that he took off all of his clothes and took off all of the clothes of his victims if they were not already completly undressed. He stated that he would then take a sharp knife and start at the top of the sternum and make a single cut down the middle of the upper torso of the victims. He stated that once the initial cut was made he would spread the wound and remove all the internal organs. He stated that he would place the internal organs, that he would cut up into fist size pieces, into a plastic bag. He related that then he began to cut the flesh off the victim and he would start stripping the flesh off the arms and biceps, then the chest and then slowly work his way down the leg until he got to the feet. He stated that

at this time he would slice up all the strips of flesh into small fist like pieces and place them into approximately 3 bags, that being plastic garbage bags. He indicated that he was careful not to place too much into each bag, approximately 251bs worth. He would then triple bag the garbage bags. He stated that at this time he rewrapped up the skeleton and head of the victim in the sheet and then used a sledge hammer to smash the bones until they broke into smaller pieces. He related that he would then place the upper part of the torso bones in a plastic bag and the lower part in another bag. He stated that this was his usual pattern and it usually took about five 251bs bags to dispose of his victims.

He stated that during the time that he was cutting up his victims and attempting to dispose of the bones that he was feeling several different emotions. He indicated that the emotions were a combination of fright, for fear of being caught, and excitement knowing that he had done what he had done. He stated that he also had the feeling that the victims could not leave him anymore because he had complete control over them. He stated that when he would place the plastic bags into the garbage after cutting up his victims he felt an intense sense of loss and stated that as he placed the bags in the garbage he felt that the individuals life was such a complete waste and that at one time they were a full human being and now they were reduced to 4 or 5 bags of plastic garbage which he had placed in the trash. He also stated that at this time he felt deep remorse for his actions, however, it did not last.

He went on to state that he feels that one of the triggers which started him on this path of murder happened shortly after he had moved to Milwaukee and was living with his grandmother. He feels that sometime in 1983 he was attempting seriously to find some religious meaning in his life and he was attending church with his grandmother and doing a lot of religious reading. He related that he did have fantasies of dismemberment and strong homosexual urges, however, he was trying to control his drinking and was not giving into any of these urges. He stated that one time while he was sitting in the West Allis library an individual walked by and threw a note in his lap and continued walking. He stated that upon opening the note he read that if he wanted a blow job he should go to the second level bathroom. He stated that at this time he thought "it's going to take more than this to make me stumble," as he was continually fighting his homosexual urges.

However, he stated that it was shortly after this incident in the library that he again began frequenting the gay book stores, gay bars and gay baths and he feels that this was the catalyst which started him again in his homosexual lifestyle which eventually lead to the killing and dismembering of his victims.

#### NARRATIVE

On Monday, 8-5-91, at 2:PM, I, Detective James DEVALKENAERE, along with Detective Patrick KENNEDY, interviewed Jeffery L. DAHMER in an interview room on the fourth floor of the Police Administration Building. Also present at that time was Jeffery DAHMER'S attorney, Attorney Wendy PATRICKUS. By the time of this interview, a photo of a possible homicide victim, namely Steven W. TUOMI, W/M, 12-19-62, of 1315 N. Cass Street, had been obtained from his family.

In previous interviews, Jeffery DAHMER had related to Detectives KENNEDY and MURPHY that he believed he had encountered this individual in November of 1987. Jeffery DAHMER viewed the photos which had been received of Steven TUOMI and he positively identified this as being the person he had encountered in November of 1987.

DAHMER related that at that time he had been in front of the 219 Club, a tavern on South 2nd Street, at about bar closing time. At that time he had encountered TUOMI while TUOMI was waiting at a bus stop. He had already obtained a hotel room at the Ambassador Hotel, which he believes is located around 24th and Wisconsin. He had gotten the room earlier with the plan that - if he had encountered someone he would take him back there for the purposes of having sex with him. He had already purchased some sleeping pills, which he had at the hotel room, for the purpose of rendering anyone he brought back there, helpless, so he could have sex with them. He spoke with TUOMI and asked him if he wanted to spend the night with him at a hotel room. TUOMI agreed. DAHMER does not recall if he offered TUOMI money to come with him, or not.

On arrival at the hotel, both DAHMER and TUOMI got undressed and laid on the bed. At that time they had what DAHMER called "light sex". He described this as hugging, kissing, and mutual masturbation. After about an hour or two, DAHMER made a drink for TUOMI in which he put the sleeping pills. TUOMI drank this and fell asleep. DAHMER kept drinking and eventually fell asleep himself. DAHMER related that when he woke up he was lying on top of TUOMI and DAHMER'S forearms were visibly bruised. He then saw that TUOMI was obviously dead. He was bleeding from the head and his chest was crushed in and some

of the bones were broken. DAHMER then carried TUOMI and placed him in a closet in the hotel room. DAHMER sat around the hotel room for a couple of hours, trying to figure out what to do.

At about noon he went to the Grand Avenue Mall. He bought a large suitcase with wheels on it and returned to the Ambassador Hotel. During that time he may have had some beers and he left the hotel room to get a bite to eat. At about 5:PM he returned to the hotel room and placed TUOMI into the large suitcase. DAHMER related that it was a very tight fit, but he was able to get him into the suitcase. DAHMER related that he had purchased the room for another night and he remained in the room that night until 1:AM. At that time he left the room with the suitcase, taking an elevator to the ground floor. He got a cab and upon approaching the cab, had the cab driver help him place the suitcase in the back seat of the cab. He then took the cab to his grandmother's house on S. 57th Street.

Upon arrival at his grandmother's house, DAHMER put the suitcase in the fruit cellar beneath the house. He left the suitcase there for about a week. He said he did this because it was Thanksgiving time and it was cold in the basement and he knew this would slow the decomposition of the body. After about a week he got the suitcase out of the fruit cellar and removed the body from it. After removing the body from the suitcase, DAHMER used a knife to open the body and then stripped the flesh from it. He placed the flesh in plastic bags. DAHMER then used an old sheet which had been in the basement to wrap the bones and he then crushed the bones with a sledge hammer. DAHMER related that he wrapped the bones in a sheet so that when he was crushing them, the splinters and fragments of bones would not fly all over the basement. He then put these items in the trash.

Regarding the Ambassador Hotel, DAHMER related that on four or five times previous to his encounter with TUOMI, he had rented a room at the Ambassador for the purpose of having sex with someone he would meet. He indicated that at no previous time had he killed anyone there and nothing had happened.

On 8-5-91, information was received from the Bath Township, Ohio Police
Department that they had recovered a receipt from Don Stricker Guns located at 2465 S.

84th Street, Milwaukee. The receipt showed that Jeffery L. DAHMER had purchased a Colt

Lawman 357 Magnum revolver, serial #20301U, on 1-23-82. DAHMER was questioned regarding the ownership of this gun. DAHMER related that while working at the Plasma Center he had purchased a 357 snubnose revolver. DAHMER thinks he bought the gun in 1982 or 1983. related that he only owned this gun for about one year and he used it for target shooting DAHMER related that he bought this gun at a gun shop in the area of 83rd and Lincoln. He paid about \$350, for same. He does not remember the cost for using the range. DAHMER was shown a faxed copy of the receipt which Don Stricker's had given for the purchase of the gun, bearing the signature of Jeffery L. DAHMER. DAHMER identified this as a copy of the receipt he had received when he bought the gun, that the signature at the bottom of the sheet were, in fact, his. DAHMER further related that when his grandmother found out he had a gun in the house, she did not like it. He showed her the gun. Shortly after that his father visited from Ohio and his grandmother told his father that he had a gun and his father took the gun from him. DAHMER believes that his father took the gun back to Ohio and sold it. DAHMER further related that he only bought the gun because he had enjoyed shooting while he was in the Military and felt that it was something he might like to do.

DAHMER also related that he had stated he never owned a gun, in previous interviews, because he did not feel the gun had any connection with any of the victims in the homicides for which he was being talked to. He had never used the gun for anything other than target shooting.

### NARRATIVE

On Wednesday, 08-07-91, I, <u>Detective KENNEDY</u>, was informed by the Milwaukee County Sheriff's Dept., that the suspect in this offense, Jeffrey DAHMER, had requested to speak with me. At this time, after obtaining an order to produce, I went to the 5th fl., Lock Up, of the Milwaukee County Sheriff, and returned with the suspect, DAHMER, to the 4th fl., interview room, of the CIB. At this time we were joined by DAHMER's Attorney, Scott HANSON.

At this time I questioned DAHMER, regarding information we had received from Bath, Ohio Police Department, that while he was staying in Miami, that he in fact had a girlfriend who lived with him and that he had intended to marry her. To this DAHMER stated that while he was in Miami he was working at a submarine shop called Sunshine Submarines. He states he met another employee there. He states she was a white woman, with long curly, thick black hair, and that she was originally from England. He states that she was in this country illegally and that they had become friends. He states that he is unsure, but he thinks her name was Julie. He states he did go out to dinner with her several times and walk along the beach with her, however, he, at no time had any inclination for sexual activity with her, and never felt attracted to her in that way. states they were merely friends. He goes onto indicate that many times she advised him that she would be willing to marry an American, as a marriage of convenience, in order for her to obtain her naturlized citizenship. He states to the best of his recollection she was attracted to the manager of the Sunshine Submarine Club, however, she did mention to him, DAHMER, several times, that she would be willing to marry him in a marriage of convenience, if he could help her to become a citizen. He states they did talk about that several times, however, he never in fact took it seriously, and because he was not interested in her sexually or as a lifetime partner, he never actually encouraged this conversation. He states after moving back to Ohio, he believes that she did either call him once or twice or write him a letter, however, he did not respond, as he had stated previously he was not interested in pursuing a relationship with her. He denies that at anytime he considered her a girlfriend, or had any relationship with her, other than a

work relationship and he also denies that she ever lived with him in any of the motels that he had while he was staying in Miami.

Regarding information we received that he had an Aunt Unis (phonetic), who lived in the Milwaukee area during the time he stayed with his grandmother, he states that this is true and that he felt he always had a good relationship with his Aunt Unis. He states that he saw her several times during the holidays, as he was living at grandma's house and he felt that it was usually Aunt Unis who reported to his father activities that got him somewhat in trouble while he was living at grandmother's house. He states that he belives that she was the one who informed his father that he had a gun in the home and that several times she complained about the foul smell emanating from the basement at grandma's He states that he told grandma and Aunt Unis that the smell was because of the cat that grandma had by the name of Jody, had fowled the kitty litter box, which was located in the basement and it had not previously been emptied. He states one time his Aunt Unis pressed him further, stating that was not a kitty litter smell, and at this time he made up a ploy story stating that he had found a dead racoon and had cut the racoon up in the basement, in order to save the bones. He states he told this because he realized that there was the smell of dismembered bodies that came from the basement. At this time I asked him how this could be. He states that was because several of his vicims, although he cut them up and dismembered them over the drain pipe in the basement, he states after hosing down the basement floor and washing all the blood down the drain he was careful that none of the body parts or chunks of flesh got into the drain. He states after disposing of the body parts and the bones and hosing down the blood, he would pour a full gallon bottle of bleech down the drain in order to try to get rid of the smell, but the dismembered bodies would give off an awful oder and it would linger in the basement for one or two days before it would it go away. He states this is the smell that his Aunt Unis smelled and that she was the one that bought up the foul smell to his grandmother and to his father, however, he was usually able to dissuade them from investigating further, by his explanations of the racoon and the kitty litter box. At this time I showed DAHMER another photo array of several individuals that may be the second victim who is still unidentified and after viewing all of these photos, he stated that none of the photographs shown to him resembles the victim he in fact killed at his grandmother's house.

At this time I informed DAHMER that these were all the questions that I had to speak with him about on this ocassion and at this point his Attorney, Scott HANSON left the interview room. I then advised DAHMER that I would be returning him to the Milwaukee County Sheriff's Jail, at which time he requested a cup of coffee and another cigaret. this request I complied and he asked me to again sit down with him. He stated that he wished to know some of the information regarding the events happening in Milwaukee at this time. At this time I lightly advised him that the News Media was reporting daily bits of information they had received regarding his case. At this time DAHMER started to talk about the movie which we found in his apartment, that being the Exorcist II. at this time why he in fact purchased the Exorcist II, and he stated that he had seen the movie when it was first released and that he was fascinated by it. He stated that he enjoyed the movie so much, that when it was first released on video cassette he spent approximately \$100.00 in order to purchase a copy of it. I asked him what his fascination was with the movie, to which he stated he was unsure, but he knows that he felt a tremendous amount of guilt, because of his actions. He stated he felt evil and throughly corrupted, body & soul, because of the horrible crimes he had committed against people. He stated that everytime he would try to overcome his feelings of wanting to kill and dismember people, they would haunt him and overcome him, almost like an addiction. states he felt that he could not fight that feeling and wondered if in fact the devil had anything to do with his evil thoughts. He states because of this he watched the movie Exorcist II on almost a weekly basis, for approximately 6 mos., and sometimes 2 and 3 times a week. He states that in the movie he could tell that the devil was angry for being condemned and that he could relate with the devil, because he felt that his life on earth was condemned. He went onto state that the main character in the movie appeared to be driven by evil and that he could relate to this character as felt that his life was driven by evil. At this time I questioned DAHMER regarding the heads which he had kept in his apartment. I asked him how in fact he got the brain matter out of the skulls and why He states after the skulls looked so completely clean and dried when we discovered them. killing his victims and decapitating them, he would use a small drill to drill several He stated during the holes and various areas of the head and then he would boil the head. boiling process he would use a large plastic syringe which he had purchased at an Ace

Hardware Store and that he would fill the syringe with a Soilex cleansing solution and boiling water, and inject that solution into the holes which he had previously drilled into the skulls. He states that this solution would help to turn the brain matter into a mushy substance and that after approximately 1 hr of boiling, the upper vertebra, located in the neck area, would become loose and he could dislodge them. He states at this time he would use a large serving spoon or utensil to dig into the back part of the skull and scoop out the brain matter which had turned into mush. He states after scooping out the brain matter and discarding it in the toilet, he would again place the skull into the boiling water and boil it throughly until it was completely clear of any flesh, hair, mucus, or brain matter. At this time I asked him why he kept the heads, and if in fact he considered them to be a trophy. He stated that he did not consister them trophys, however, he wanted to keep the skulls of his victims, because to him the skull represented the true essence of his victims. He states that he felt by at least keeping the heads, the death of his victims would not be a total loss, because the heads would be with him. He stated he eventually planned to paint all of the skulls in order to keep them from being detected, however, he never got around to doing that. At this time DAHMER stated to me "it's hard for me to believe that a human being could of done what I done, but I know that I did it, I want you to understand that my questions regarding satan and the devil were not to defuse guilt from me and blame the devil for what I've done, because I realized what I've done is my guilt, but I have to question whether or not there is an evil force in the world and whether or not I have been influnced by it. Although I am not sure if there is a GOD, or if there is a devil, I know that as of lately I've been doing a lot of thinking about both and I have to wonder what has influenced me in my life". this I again asked DAHMER if there were any other victims that he had neglected to tell me about, to which he stated "Pat, what good would it do for me to admit to just half of my victims or to a few of my victims, or to not tell you of a couple, when I know that in the long run it will be me that has to stand before GOD and admit to my wrong doings and he'll know if I was truthful and honest when I finally was caught, and if I helped to try and clear this whole matter up. I'm telling you the truth now, becuase I want to clear my conscisous and all that I've told you is the truth and I've not left anything out". At this time DAHMER finished his cup of coffee and cigaret and I returned him to the 5th fl.,

### NARRATIVE

On Thursday, 8-8-91, I, <u>Detective KENNEDY</u>, along with <u>Lieutenant Richard MUNCEY</u> of the Bath Township Police Department in Ohio, Detective <u>John KARABATSOS</u> of the Summit County Sheriff's Department in Ohio, and the Attorney for the suspect, <u>Wendy PATRICKUS</u> all met in the 4th floor Interview room of the CIB. At this time I retrieved the suspect <u>Jeffrey DAHMER</u>, after obtaining an Order to Produce. I returned with DAHMER from the 5th floor of the Milwaukee County Jail to the interview room.

At this time, I, Det. KENNEDY, sat in on an interview with the two Officers from Ohio as they questioned the suspect, Jeffrey DAHMER regarding the 1970 Homicide which occurred in their jurisdiction. Questions placed to Mr. DAHMER by the two Officers followed closely in line with questioning already placed to Mr. DAHMER earlier in our investigation. A copy of the Bath, Ohio reports are forthcoming and will become a part of this report.

However, during the questioning, several points did arrise which had not been covered previously in our investigation of this matter, regarding a large black traveler's trunk which Mr. DAHMER had kept in the basement, locked, at his grandmother's house in West Allis. Mr. DAHMER related that this was the trunk which he had used from the time he left the Military Service in order to travel by placing all of his worldly goods in it. He related that the reason he kept this trunk locked while at his grandmother's house, was because it was in this trunk that he placed all his pornographic materials, including magazines and video tapes which he had purchased. He related that the trunk was locked because he did not wish his grandmother to discover that he was involved in viewing and reading pornographic material.

Regarding information asked by Officers from Ohio, pertaining to the bar bell which has been mentioned in previous reports that Mr. DAHMER used to choke his victim to death; Bath, Ohio Officers report that they have recovered a bar bell set from the suspect's father. They inquired as to which article of the bar set was used to commit

this offense. At this point Mr. DAHMER related that he used one of the dumb bells, which is a smaller hand held set of bar bells, which you would use independantly of the other bar bells in the set. He related that when the victim told him that he was going to leave, he struck him while he was sitting in a chair, with the bar bells. After striking him he panicked and then used the smaller dumb bell to choke the victim to death. At this point I was advised by Bath, Ohio officials that they had, in fact retrieved and had on inventgory, the dumb bells spoken of by Mr. DAHMER.

It should be noted that at the beginning of this interview with Mr. DAHMER, Lieutenant MUNCY from Bath Township, Ohio, had obtained in writing a letter pertaining to the fact that Mr. DAHMER realized his constitutional rights and that he fully and voluntarily was speaking with Officers from Ohio regarding this Homicide. At this time Mr. DAHMER did date and sign this document. It should also be noted that at the completion of the interview, Lieutenant Richard MUNCY of the Bath Township Police Department noted that Mr. DAHMER'S attorney, Wendy PATRICKUS, had a small portable tape recorder which appeared to be on. At this time Lieutenant MUNCY questioned Miss PATRICKUS as to whether or not she had been tape recording the entire session. At this time Miss PATRICKUS related that she did not feel it was necessary for her to answer this question. It should be noted that I (Det. KENNEDY) also noticed the tape recorder at this time.

On Friday, 8-9-91, I, along with <u>Det. DEVALKENAERE</u>, were informed by Deputies of the Milwaukee County Sheriff's Department that the suspect, Jeffrey DAHMER, had requested to speak with us. After obtaining an Order to Produce, we proceeded to the 5th floor of the Milwaukee County Jail lock-up where we returned with the suspect DAHMER to the 4th floor of the CIB. At this time we again spoke with the suspect regarding the second victim, at his grandmother's house. That victim, as of this date, has not been positively identified. Again, Mr. DAHMER viewed a photo array and picked out #234356, ID photo of <u>James E. DOXTATER</u>. Mr. DAHMER related that this photo is possibly that of the victim in question. He related that the hair is about the same, however the photo appears to show the victim to be a bit too young. At this time I questioned Mr. DAHMER as to whether or not he can remember anything regarding the victim, which would help us in our investigation, that being tattoos or scars. DAHMER related that he is not sure, but the

He related that although he is not completely positive, that he seems to remember that during the time of this offense, as he cut open his victim, it occurred to him that the victim possibly only had one kidney. He related that he is not completely sure of this, however, he seems to remember that upon removing the internal organs of his victim, that it did not appear that all of his internal organs were there. He further related that he remembers the victim being almost as tall as me (Dot. KENNEDY), possibly 5'10-5'11, with dark, curly, medium length hair and he remembers the victim stating he lived in the area of 10th and National. When the victim mentioned that he had to return to his mother's house in that area earlier in the morning, this is when DAHMER decided to kill him.

I questioned DAHMER regarding the possibility that the victim had a tattoo on either one of his arms, to which he related "it is possible that he could have, however I can not really remember". At this time Mr. DAHMER again requested additional photos, possibly family photos of the victim in order to help him make his determination as to a positive identification.

At this time our interview was completed and Mr. DAHMER was returned to the Milwaukee County Sheriff's, 5th floor jail lock-up.

On Friday, 8-16-91, I, <u>Det. Dennis MURPHY</u>, proceeded to obtain an order to produce for the defendant, <u>Jeffrey DAHMER</u>. At approximately 10 AM, we, Det. Dennis MURPHY, <u>Lt. Kenneth MEULER</u>, <u>West Allis Det. Lt. Ken RISSE</u>, and Det. GUY NOVAK proceeded to the Milwaukee County Jail where we picked up Mr. DAHMER and walked with him over to the Criminal Investigation Bureau where at approximately 10:15 AM, we went with his attorney, Scott HANSON (phonetic) and informed him that we wished to question him regarding identification of the last victim in which the homicide occurred in West Allis.

West Allis officers asked him numerous questions regarding possible identification of the subject Jamie DOXTACTOR (phonetic) and upon viewing the Identification Division photo of James E. DOXTACTOR, he stated that he was approximately 75% sure that this was the Hispanic male he met by the bus stop from the 219 sometime in January. He stated that this Hispanic male informed him that he lived with his mother in the vicinity of 10th and National, and that he had to be home in the morning. He also stated that when he was informed of this, that's when he killed this individual, in the early morning hours.

He stated that he was a complete stranger and when he met him, this individual told him that he was coming from visiting one of his cousins from downtown. He stated that at the time he met him, he was wearing a coat because it was in January, but he wasn't wearing a cap. He stated that he was wearing some type of sweater and an undershirt. He doesn't remember him wearing any suspenders, but stated that the sweater was yellowish. He also stated that he thinks this individual was circumcised. He stated that he may have had an appendix scar, but he doesn't remember seeing any scar on his face. He also stated that he did not recall anything wrong with his teeth, nor does he recall any tattoos, but he stated that there could have been.

He did recall that this individual had two scars, one about each nipple and about the same circumference of his cigarette. He stated that he does not know if there were burn scars or not, but that they were in fact scars and he does recall this. He stated that he thinks this individual had a slight mustache, but he can not be sure. He also stated that after he had dismembered the body and taken out the organs, he recalls that this individual was possibly missing a right kidney.

. He again stated that he decided to kill this individual in the morning, but did not

The officers from West Allis then asked his attorney, <u>Scott HANSON</u>, if they could ask him questions regarding the incident with <u>Mr. FLOWERS</u> (phonetic) who had reported a theft complaint on 4-8-88 and who had been in <u>Jeffrey DAHMER'S</u> grandmother's house at 2357 S. 57th St. with him and had been dopped, but had not been killed. At this time, Mr. HANSON requested that we leave the conference room so that he could talk to his client.

We left the conference room for approximately five minutes and we were called in by Mr. HANSON at which time he informed us that he had advised his client not to talk about the FLOWER'S incident or other incidences other then the identification of victim number 17 and Mr. DAHMER informed Mr. HANSON that he wanted to talk to the Police about anything.

At this time, the officers questioned Mr. DAHMER about the FLOWER'S incident, and he informed them that when he met Mr. FLOWERS, Mr. FLOWERS told him that he was a councilor for the retarded. He also told them that he had had car problems at which time Jeffrey stated they could take a cab back to his grandmother's house where he would get his grandmother's car and come back to give him a jump. He stated that they went into the house. After he turned off the alarm, he gave him a cup of coffee in the basement and the coffee had the

Mr. DAHMER stated that he had told Mr. FLOWERS that they were going into the basement so that he would not wake up his grandmother. They agreed on light sex. Mr. FLOWERS had taken his shirt off when the pills started to take affect. Mr. DAHMER stated that he gave FLOWERS as many as in the coffee and that he passed out about a half hour after he arrived at the residence. He stated that they had been doing body rubbing before he drank the coffee. He stated that Mr. FLOWERS passed out at which time he pulled his pants down. He does not recall if he had oral sex with him or not, but in the morning his grandmother saw him, at which time, he figured that Mr. FLOWERS was to big and didn't want to cause a commotion and his grandmother saw him so he did not kill him.

He stated that he walked him to the bus stop on 57th and Lincoln and gave him \$1 to get on the bus. He did admit to taking \$80 from Mr. FLOWERS but stated that he left other monies in his wallet. He denied taking any jewelry and he stated that if any jewelry had

Mr. DAHMER also stated that Mr. FLOWERS wasn't his type and that was another reason why he did not kill him. He stated that he disappeared on Sat. night or early Sunday morning. He stated that he does not know how Mr. FLOWERS obtained any marks on his body because he did not inflict any on him. Further reports will be called in by the West Allis detectives regarding their part in the investigation.

I then questioned Mr. DAHMER regarding various incident requests that we obtained through telephone calls from various agencies regarding having possible knowledge of Mr. DAHMER or articles of Mr. DAHMER. Some of the requests were from Bath, Ohio in which they were inquiring as to whether or not he had returned to Ohio any other time other then when he stated that he went with his grandmother. He stated that was the only time he could recall returning was on Thanksgiving of 1982.

He was also asked as the whether or not they had gone to the cemetery and anyone had sat on the tombstone and he had stated that they did drive by the cemetery the night of the seance, but to his knowledge, no one sat on the tombstone, and no one was in the nude.

He was also questioned regarding whether or not he went to a Ted NEWGENT (phonetic) concert with Jeffrey SIX and he stated that he did go and they both were together. He was then asked questions relative to other calls we had received, namely whether or not he had any relatives in Newport Beach, California, and he stated that he does not have any relatives in California other then his mother who lives somewhere in the northern part of

Regarding an inquiry from Det. Paul MARAWAY from Pittsburgh, Pennsylvania Police Department regarding the homicide in their city two years ago, Jeffrey stated that he has never been in Pittsburgh, Pennsylvania and that he denied any knowledge of any homicides in that area.

Regarding an investigation where a citizen brought a small suitcase into the Detective Bureau indicating that this was the suitcase that DAHMER had used to dispose of victim number one from the Ambassador Hotel, I questioned him and he stated that the size of the suitcase that he had purchased was approximately 3'x3'x1', that it had wheels on, and that after he disposed of the body of Steven TUOMI, he ripped up the suitcase, cut it up and threw it in the trash so that it could not be used again.

I also questioned him regarding telephone calls that he had placed to various agencies, including Chicago and Milwaukee Police Departments and he stated that on July 3rd and 4th of 1991, he place calls to the Chicago Police Department to report his wallet stolen or missing so that he could obtain an excuse for Ambrosia Chocolate because he missed work.

then it continued on to meeting people in the back room of the bookstores, having sex, and then going into the bath houses. He stated that he did spend a lot of time at these bookstores until recently when he began killing his victims.

Regarding the chemicals used in his disposal of bodies or onces that were found at his residence, he stated that he bought formaldehyde approximately two months ago from Laal on 27th and Kilbourne, and he also bought the ether and the clorophene there about four months ago. He stated that he would get his prescriptions filled at Walgreens and that he would obtain the soilex from the hardware store. He stated that he called Ace Hardware regarding what chemical to use to remove the skin from the skull of a rabbit and at which time they suggested Soilex and that's when he started using it. He stated that he also called taxidermy places to find out what they use. He stated that he bought the Soilex from Ace Hardware on 4th St. and Walnut and that he also bought his Aridic acid from Ace Hardware and True Value Hardware, even the one on 43rd and Ok Jahoma.

We questioned Mr. DAHLMER as to whether or not he has let anyone go or in fact had any sex with individuals without killing them during this killing spree, and he stated that other then the ones that got away, there were possibly no more then ten that he had sex with and not killed due to the fact that he did not like them that much or he did not have any left. He stated that most of time it was because he did not like them and did not want to keep them around. The most recent one that he had sex with without harming the individual or attempting to drug him or kill him was a big black male truck driver and they had a normal relationship during this killing spree. He also stated that earlier on when he first started killing, he would shop around and find someone that he liked but near the end, compulsion took over and he would find someone and then just keep them.

During this interview, Mr. DAHMER was given coffee, cigarettes, and soda and he again stated that he wished to cooperate fully in our investigation to answer any questions that we had and to help identify the last victim and to ease the pain of their families. Mr. DAHMER was then taken back to the Milwaukee County Jail at approximately 12:32 PM and turned over to the Sqt. TYLKE.

### NARRATIVE

On Friday, 08-16-91, just prior to taking Mr. Jeffrey DAHMER back to the Milwaukee County jail from the CIB, we, Detective Dennis MURPHY, Lieutenant Kenneth MEULER, Lieutenant RISSE of the West Allis Police Department and Detective Guy NOVAK, asked Mr. DAHMER is he missed drinking since he has been locked up. At this time he stated that he did not drink everyday, only when he committed the offenses. We informed Mr. DAHMER that he did not have to say anything regarding this due to the fact that his attorney had already left and he stated that it didn't make any difference, that he would cooperate with with us and has cooperated and has made statments against his interest without his attorney not being present therefore he would be willing to talk about his drinking.

He stated that when he killed these individuals he was always drunk and the drinking helped him get into the frame of mind and made it easier for him. He indicated that he didn't drink everyday but when he planned to get someone he would start drinking after he planned and then he was usually drunk when he killed them. He related that he even drank when he was cutting up the bodies. He again stated that it helped to make it easier when he was doing this. He related that he feels that he is not an alcoholic and the reason he was drinking was due to the fact that he committed these terrible offenses.

Further investigation was conducted after Mr. DAHMER had informed us that the Hispanic male that he had picked up from the 219 Club, namely victim #1 in West Allis, who he stated had two possible scars above his nipples. Investigation revealed that he did, in fact, injure himself when he was child with a bicycle and his mother stated he had two scars above his nipples at which he would state he had four nipples. This information was obtained from her on today's date, 08-16-91. West Allis will conduct follow up in regards to this investigation

### NARRATIVE

On Wednesday, 8-21-91, we, <u>Detectives Patrick KENNEDY</u> and <u>Dennis MURPHY</u>, were contacted by the Milwaukee County Sheriff's Department and were informed that the suspect, <u>Jeffrey DAHMER</u> wished to speak with us. At this time we were also advised by the Defense Attorney for the suspect, <u>Gerald BOYLE</u>, that he wished to sit in on the interview with Jeffrey DAHMER.

At this time the suspect was conveyed from the 5th floor of the Milwaukee County Sheriff's Department to the 4th Floor CIB and placed into an interview room where several questions, pertaining to this investigation were asked by Detective MURPHY. A detailed supplementary report will be filed relative to that interview.

At this time I questioned Jeffrey DAHMER regarding the muriatic acid which was found in his apartment on the night of his arrest, that being approximately 16 gallons of muriatic acid. DAHMER related that he bought the muriatic acid at Ace Hardware. He took a City Vet Cab to the hardware store in order to purchase it. DAHMER related that he intended to use the muriatic acid in the 57 gallon industrial strength drum which he had previously purchased in order to dispose of the body parts which he had in his apartment. At this time he realized that because of the loss of his job and the fact that he was out of money, he would soon have to leave his apartment. Therefore, he decided that he would completely destroy all the evidence of his deeds by mixing water and muriatic acid in the 57 gallon drum and thereby placing all the body parts which he had in his apartment, in the drum at one time, including all the skulls which he had saved and boiled, the complete torsos which he had saved and boiled from his victims, and the victims who were recently killed and were already placed in the drum. He felt that by doing this he would completely rid himself of any evidence of his crimes and after the bones and flesh had decalcified, he would be able to pour them down the toilet, completely destroying all evi-He felt he would be thrown out of his apartment because of lack of funds and he would start a new life by going to the Salvation army where he could stay, he thought for

about a month, until he could find another job and get on his feet.

At this time I questioned him as to whether he truly believed that by destroying all the evidence and starting over again, if he would be able to stop committing the Homicides which he had been involved in. At this time DAHMER related "If I am to be honest with myself, I would have to admit that if I again was set up in another apartment and had the opportunity, I probably would not be able to stop. I feel that it is almost a driving compulsion to commit these acts and I probably would have started up again, after sometime". Mr. DAHMER stated "obviously a power higher than myself had been fed up with my deeds and decided it was time for me to be stopped".

Regarding the fact that the flesh on the feet of several of the victims found in his apartment seemed to have been cut off, the Medical Examiner had inquired as to why this was done. Upon being asked this question, Mr. DAHMER related that by cutting the flesh off the sole and heel of the foot of his victims, it was easier for the muriatic acid to work on the bones of the foot, to decalcify and turn it to a sludgy substance. He related that the skin on the bottom of the foot was extremely tough and that it took more time for the muriatic acid to work though that and that was the reason why he cut the flesh off the feet of his victims.

At this time we were requested by Attorney BOYLE and his assistant, Wendy PATRICKUS, if they could have some time with the suspect, Jeffrey DAHMER, so that they could question him regarding the preliminary trail which is to be held on 8-22-91. At this time an allotted period of time was granted for them to use the Milwaukee Police interview room. Following that, Mr. DAHMER was returned to the 5th floor of the Milwaukee County Sheriff's jail.

#### NARRATIVE

On Wednesday, 8-21-91, we obtained an Order to Produce for the defendant, Jeffrey DAHMER. At about 12:30PM, we picked up DAHMER at the Milwaukee County Jail. Present were: Detectives Dennis MURPHY, Patrick KENNEDY, William STAWICKI and Lieutenant Kenneth MEULER. DAHMER was taken to the CIB, Room 411, where we met with his attorney, Wendy PATRICKUS. We questioned DAHMER regarding some background information and other information, from previous statements, which needed to be cleared up.

Mr. DAHMER related that when he moved into the residence at 924 N. 25th Street, he picked that area because it was low rent and it was close to work. He related that he also purchased a Black and Decker Alarm at the Black and Decker Distribution Center across from the Zoo and a fake video camera at another store. He does not recall which store. He related that he purchased all of these items about one year ago.

Regarding chemicals he purchased, which were recovered in his residence, he related that he went to Laabs on 27th and Kilbourn. He went into the back room and bought one gallon of formaldehyde. He also bought a pint of ether and a pint of chloroform at this location. He was given a handwritten receipt and he paid cash for these items. #### NARRATIVE

On Thursday, 8-22-91, I received information that <u>Jeffrey DAHMER</u> wished to speak to me (<u>Det. MURPHY</u>) and <u>Detective KENNEDY</u>. At this time we obtained an Order to Produce, with the approval of <u>Attorney Gerald BOYLE</u>. At approximately 1:45PM, Mr. DAHMER was brought to the CIB and was questioned in room 411 regarding various calls that came into our Department. Mr. DAHMER also related that he had a few other things he wished to tell us.

We questioned Mr. DAHMER in regard to a call which came in from <u>Todd TINKER</u>, W/M, 10-3-52, who related that he was employed at the Adult Toy Store in Lomira, Wisconsin. Mr. TINKER stated that DAHMER had come in and tried to purchase "knock out" pills. Mr. DAHMER related that he has never been in Lomira, Wisconsin, nor does he know about the Adult Bookstore.

We also questioned him regarding # 47, who related that he was in love with DAHMER and had been in his apartment twice and actually had seen heads in the refrigerator on his first visit to the apartment, but did not call the police and had returned to the apartment a second time. Regarding this, Mr. DAHMER related that he does not know this subject and this never did happen.

We then questioned him regarding a person he had drugged in one of the bath-houses, possibly <u>Richard BURGER</u>. DAHMER related that he did not recall the names of the individuals he met in the bathhouses, but he did recall drugging one of the individuals in the bathhouse on 7th and Wisconsin. When the subject did not awake after a couple of hours, he became concerned and had the people in the bathhouse call the paramedics, who took this subject to the hospital thinking that he had overdosed.

We then asked him if he was experiencing any withdrawals, not only from alcohol but from not using #20 He related that he has not experienced any withdrawals from alcohol nor from the use of #20 because he does not take the pills regularly. He related that he would take one pill about every six months and that was only when he could

not sleep. He related that the main reason he had to was to use on the people he brought to his apartment or the ones he met in the bathhouses. He related that he first started to experiment by using three pills on the people and then used as many as seven on some of them. He related that he would bluff the doctors into prescribing the pills for him because he would tell them that he could not sleep but he never used them. He figures that the last time he did take one of the pills was about six months ago.

DAHMER related that he did have a black male over to his residence, about one month before his incident with the victim whom he described as CASH D. He related that at this time he had mixed a drink for this black male, but he mixed up the cups and he subsequently drank the drink. He passed out and when he awoke the next morning he was missing \$300 and this black male was missing from his residence. He related that he never reported this incident to the police. He also related that the only drugs or any other pills he took were vitamins. He also denies ever going into O'Connor's Bar on E. Wells Street. He related that he was only in Carol's Bar in Chicago once, that being on 7-6-91 or 7-5-91 when he picked up WEINBERGER.

We then asked DAHMER if he recalled what his home phone number was. He related that he could not recall it, therefore he was unable to have given his phone number to anyone.

We then questioned him as to whether his father had ever come to his grand-mother's residence, on S. 57th Street, and if he ever found any bones in the garbage. He related that his father did come up there regarding the smell which was in the garage. Upon checking the garbage his father did find some smashed up bones but Jeffrey told him they were from a raccoon. Jeff related that these bones were actually the backbone and the arm bones of one of his victims.

We questioned DAHMER regarding two hispanic males who had called our Department and related that Jeff had approached them on approximately 7-21-91 at the Grand Avenue Mall. Jeff related that he did remember asking two hispanic males at the mall, to come to his place to be photographed and offered them about \$100. Jeff related that he did stop at the liquor store, bought some beer and then they all got into the cab. He thought the hispanic males were 18 years old. While they were in the cab proceeding to his residence,

they jumped out of the cab around 22nd and Wisconsin (or in that vicinity) and walked away fast. He related that they had changed their minds. <u>DAHMER</u> related that on that occasion he was just interested in taking their pictures because there were two subjects.

Mr. DAHMER related that if we recalled the victim, whom he met on 27th and Kilbourn, that it was sometime after the winter and that this was the victim who he had skinned. He stated that it took him approximately two hours to do that. We asked him why he wanted to skin this subject and he related that he wanted to try it and he wanted to keep the skin. He stated that when he started to cut it, he cut it from the rear of the back of the neck area and then kind of peeled it away. He related that it was like skinning a chicken. He stated that when he pulled off the face, he had to be careful, but when it came off, it was just like a mask. He then used two items to try to preserve the skin. He used a box of borax and about seven boxes of salt. He related that he mixed these together in water and placed the skin which he had removed from the victim in the solution, with the intention of saving it, but he left it in too long and it became mushy and he had to dispose of it.

Mr. DAHMER stated that he had more to tell us but at this time, <u>Dr. Ken SMAIL</u>, a Psychiatrist for the defense, arrived and he interviewed Mr. DAHMER from about 2:50PM until 3:50PM.

After Dr. SMAIL finished his interview, Jeff DAHMER went on to relate that he had originally told us that he had only eaten a bicep of one of his victims. He related that there were other times in which he had eaten part of the victim. The first time was the person he identified as CASH D (Raymond SMITH - Victim #5). He related that he eat this victim's heart. He related that it tasted kind of spongy. He indicated that the next victim was the person he met by the bookstore, (Victim #7 - Ernest MILLER). He related that this was a person he really liked. He indicated that he had fileted his heart and had kept it in the freezer and also kept his bicep. He indicated that he had eaten the thigh muscle of this subject, but it was so tough he could hardly chew it. He then purchased a meat tenderizer and used it on the bicep. He stated that it tasted like beef or a filet mignon. The next person who he was going to eat, and in fact tried, was victim #15 - Oliver LACY. He stated that on this victim he ate his bicep. This also tasted

like Filet mignon. He stated that he would tenderize it first. He stated that he did keep this individual's heart and bicep. We asked him if he had eaten the body parts, just plain. He stated that he would use salt, pepper and A-1 Steak sauce on them. He stated that the reason he ate these parts was because he was curious but then it was because he wanted to make them a part of him. He stated that this way he could keep these people with him. He stated that he ate only the people that he really liked and wanted them to be a part of him or with him all the time.

Mr. DAHMER related that he did not try to eat any other of the victims. He stated that the two hearts in the freezer and the bicep muscles recovered in the freezer would have been eaten by him had he not been arrested by the police.

Mr. DAHMER related that he does not think there is anything else that he could recall to tell us at this time. We asked him why he had not informed us of eating the various body parts when he first stated that he only ate the bicep. We advised Mr. DAHMER that we had spent enough time with him where we would be willing to sit down and talk with him regarding any of his activities relative to this investigation or any other activities which he can recall and wishes to tell us about. Mr. DAHMER related that there was nothing else that he can recall relative to this investigation, nor is he involved in any other homicides, sexual assaults or attacks on anyone. He stated that if some individuals do come forward, indicating that he had made requests to them to pose for him, he states that that is true because he had approached many other people but he has not killed anyone else, nor has he had any other sexual relations with anyone, without their consent. He stated that the other individuals whom he had had sexual relations with or sexually touched or rubbed, was done with mutual consent and those were the individuals whom he did not desire and he let them leave his apartment.

Mr. DAHMER related that if he does recall anything, he will contact the Sheriff and inform them to contact us so he could give us this information.

We informed Mr. DAHMER that he should contact his attorney prior to contacting us so his attorney can be aware of the situation. Mr. DAHMER was then returned to the

During the interview, several questions were asked regarding outside jurisdiction investigations. The following are the answers given by the suspect, DAHMER.

Regarding information received from Chicago, Illinois - a hispanic male by the name of ERIC (who does not wish to give any further information regarding his identity) related that he was frequenting a bar located in the gay area of Chicago, known as the Vortex. While he was in the Vortex Bar he met the suspect, DAHMER, who offered to pay him \$800 if he would accompany him back to Milwaukee via Greyhound bus and allow him to take nude photos of him and have him spend the night with him. He related that this occurred on a Sunday evening and he believes that it happened during the Gay Pride Parade, which was on approximately 7-30-91. He related that the suspect DAHMER told him, "I'm not leaving tonight until I find someone". He refused to go with DAHMER, however he is positive that it is the suspect DAHMER who approached him.

When questioned regarding this, DAHMER admits that he does recall talking to a white or hispanic male at the tavern known as the Vortex in Chicago. He stated that he was extremely drunk that day, however he does recall that he offered an individual \$800 to have him return with him. He related that although the subject did not accompany him, he did meet one of his victims, Matt TURNER, at the Greyhound Bus Station in Chicago before returning home.

He states that DAHMER told him he was on his way to Albuquerque, New Mexico for a couple of weeks and asked him to accompany him.

When questioned regarding this, DAHMER denied ever meeting this subject and

activities, he was, in fact, contacted by authorities, namely police, his parents, superintendants of apartment buildings he had lived in and the fact that they had questioned him regarding certain aspects of activities.

He related that the first time he was stopped by the police was while living in Ohio and attempting to dispose of his first victim. A Police Officer stopped him and he was able to convince the Officer that all was right and he in fact eluded detection.

He states that while at his grandmother's house, his grandmother questioned him many times regarding the foul smells emanating from the basement which were the results of the victims which he had murdered and cut up. He related that he was able to convince her that the foul smells were because of her cat Jody.

He also was questioned by his father, while at his grandmother's house, when his father did, in fact, find some of the broken up bones of one of his victims in a garbage bag placed in the garbage of his grandmother's house. To this, he stated that he told his father that those were the broken bones of a racoon which he had found and cut up. He convinced his father that this activity was similar to the activity he had experimented with while he was back in Ohio, at an early age in his teenage years. He stated that his father was unable to tell that they were human bones as he had used a sledge hammer and had smashed them up into such small fragments that they were undetectable.

He was confronted by Mr. SOPA, who is the Building Supervisor of the Oxford Arms Apartment where he was staying on N. 25th Street relative to the foul smell. He related that on the several occasions that Mr. SOPA confronted him, at one time he showed him some rotten meat which he had in the freezer, stating that the freezer had gone out and the rotten meat was what was causing the foul smell.

Regarding another time when he was confronted by the Building Supervisor regarding the foul smell, he showed him a plastic garbage container which he had been using in order to dissolve human bones and flesh with muriatic acid. However, upon

showing him the garbage container, it was empty and although it emitted a foul odor, he stated that he advised Mr. SOPA that he used the garbage container in order to change the water from his fish tank and that at times dead fish were left in there. He related that this seemed to appease him and he was advised by Mr. SOPA to get rid of the bucket, which he did, promptly.

Regarding the incident with the police and the Asian boy, Konerak SINTHASOMPHONE, he related that although he was extremely nervous during the time of the questioning by police, he put on a very calm attitude and felt he was able to convince the police that it was a lover's problem between two homosexuals. He related that due to the fact that he was able to convince all these people, in positions of authority, his parents and neighbors who questioned him regarding his activities, it gave him a feeling that he could get away with his crimes. He felt that he had the ability to make people see a phase of him that only he wished them to see and that this encouraged him to continue on with his crimes, feeling that he would never be caught.

We asked him if he shared with anyone his activites, or felt the need ever to tell anyone. Mr. DAHMER stated no, stating that these ideas were all his own. He related that he did not get these ideas, for cutting up people or killing people from movies, TV, books or magazines. He stated that they were strictly out of his head. He related that he liked the fact that these ideas were his own and that they were uniquely his own. He felt power in the fact that they were his own private thoughts and that while he was doing this he felt it was his own private world that belonged to no one else. Due to the fact that he states he was always a loner, he took pleasure in the fact of knowing that he had a private world of his own that no one else knew about.

When questioned further regarding the subject who was completely skinned - DAHMER related that the skin of the human being was easily detached; he states much the way you would detach skin from a chicken which you are planning to cook. He stated that after the initial incision, he could pull on the skin and it would pull off the muscle tissue of the body easily. The only time it was difficult was when he was pulling the skin off around

the joints and at this time he would use a small paring knife to carefully cut the skin around the joint portion of the body.

Regarding the fact that the skin was completely taken off the head of the subject, <u>DAHMER</u> related that he would start an incision in the lower portion of the back of the neck and slice up to the top (or crown of the head). He related that at this time he could pull on either side of the skin from the incision and it would completely pull right off the skull of the individual. He related that the only time he needed to do any real cutting would be around the facial features, that being the eyes, nose, lips and mouth. He related that the entire skull portion of the skin came off in one complete piece and while it was off it actually looked somewhat like a mask you can buy at a party store. He related that he kept the skin and the mask-like facial features of this subject and planned to treat them with a solution he made up of salt and borax. He stated that he soaked them in a salt, borax and water solution for several weeks and then planned to take them out and dry them to preserve them. He wanted to keep the skin and the mask-like portion of the individuals head, however he underestimated the powerful mixture of borax and salt. After several weeks in the solution, the skin turned to a mushy like substance and was unable to be kept and it had to be thrown out.

There were also several questions, regarding the victims, which were asked by <a href="Det.MURPHY">Det. MURPHY</a> will file a separate supplementary report regarding that part of the interview.

#### **NARRATIVE**

On Monday, 08-26-91, at approximately 11:30am, I was informed by Captain Donald DOMAGALSKI that he had received a phone call through Attorney Gerald BOYLE's office indicating that Jeffrey DAHMER wanted to speak to us. Captain DOMAGALSKI requested that we obtain an order to produce for Mr. DAHMER and bring him to the CIB where he could be interviewed by ourselves and then interviewed by Dr. Ken SMAIL for Attorney BOYLE.

At approximately 2:30pm we picked up Jeffrey DAHMER at the Milwaukee County Jail and conveyed him to the CIB where we asked him various follow up questions relative to our investigation.

We asked him whether or not he knew an individual by the name of <a href="Kevin Paul">Kevin Paul</a>
BYRNE, W/M, DOB 01-25-63, who owns and operates a fitting room out of his residence and who he may have met at the bath house on 7th and Wisconsin and may have had sex with. We had information that Kevin may be a bartender at the Phoenix right now. We asked Jeff this and he stated that he did not recall the individual's name but stated that he had sex at the bath house on Wisconsin with several individuals. I then asked Jeff if he had ever told anyone that he had shaved the hair off his body to look younger at which time he stated he did. This is the information that we had received from Kevin BYRNE. Mr.
DAHMER stated that he does not recall this individual but he does recall telling this to someone who he had been with in the bath house.

I then questioned him regarding information we received from <u>James Patrick</u>

FETZER, W/M, DOB 09-15-51, who is employed at Ambrosia Chocolate who worked with, and ate lunch with Mr. DAHMER. James stated that Jeff would tell him that he had a good time when he went to Chicago and also that he had a good time when he went to Florida on vacation. I asked Mr. DAHMER if he did, in fact, go to Florida on vacation and he stated "no" that he couldn't afford it. He stated that he only went to Chicago on his vacations but he did recall telling James that he had a good time in Chicago and that he would like to live in Florida again because he had lived there in the past. He again stated that he hasn't been to Florida since his return from Miami in 1981.

We then asked Mr. DAHMER who helped him move into his residence at 924 N. 25th Street in May of 1990 and he stated that he hired the Atlas moving company to help him move his large cedar chest, a wood pedestal, and various other items from his grand-mother's residence to the 25th Street address. He stated that he paid \$100.00 for the move.

I then asked Mr. DAHMER if he was ever at the Red Carpet Lanes in Pewaukee in May of 1991 and he stated that the only Red Carpet Lanes he was ever at was the one around 76th and Oklahoma and this was around Christmas of 1990 when he went there with his father and brother.

We then asked him whether or not he had ever asked a cab driver, namely E.C. FITZPATRICK, W/M, DOB 08-18-65, to come into his apartment for a drink after he had taken the cab home. The cab driver stated that he didn't drink but he would smoke a joint and DAHMER stated to the cab driver that he did have marijuana in his apartment but the cab driver declined stating that he had to work. Upon mentioning this, DAHMER stated that this did happen but it was just a cab that he had taken home and he asked the driver to come in for a sociable drink. He related that he did not intend to kill this person only hope that it might lead to some type of sex.

Regarding supplementry report #177 which indicated that Jeffrey DAHMER had been involved in an altercation on the third floor at the Grand Avenue in the bathroom. It was reported that he was in the bathroom and two white males entered at which time he bent down to look at one of the white males' penis. Mr. DAHMER denied this and stated that he never approached anyone in the bathroom nor did he ever follow anyone out of the bathrooms. He stated that he only approached them when they were in the mall area itself.

In regards to supp #184 in which it stated that Jeffrey was observed coming in to the United Military supply store on Saturday, 07-20-91, with a black male, looking at knives around 3:00pm he stated that this was totally untrue. He related that he has not been in that store since a week or two prior to the date he was arrested. He related that he had pawned the knife he used to cut up his victim's at the Military store across from the Dunkin Donuts about four months ago for \$10.00 but then he picked it up about two weeks after pawning it sometime in April or May of 1991.

the name of John and had been sucked off, in Juneau Park, by an individual by the name of "Dee," Jeff denied this and stated that he has never been in Juneau park. He related that does not know this individual nor has he ever met anyone in that vicinity.

Regarding follow up #422 which was a photo of a missing white male, <u>Michael L. LIMESAND</u>, W/M, DOB 09-26-58, who was also known as "Miranda." We received this photo from Freeport, Illinois. This person was gay and has been missing since Saturday, 05-25-85, Jeff looked at the photo and stated that he doesn't know him, never saw him and he also stated that he has never been in Madison other than driving through it with his father and brother years ago.

We then questioned Mr. DAHMER in regards to a phone call placed at his residence on O2-17-91 to an individual known as Michael LISOWSKI, who is the director of the Milwaukee AIDS project. We had also received information that victim #9, Curtis STRAUGHTER, had been living with Michael LISOWSKI around this time. We asked Mr. DAHMER if he allowed any of the people that he lured to his residence use his phone and he stated he did. He stated that he never called Mr. LISOWSKI and he said that it was probably Curtis STRAUGHTER who made the call due to the fact that he let several people use his phone once he got them into his residence. A check of the records showed that the phone call was placed to Michael LISOWSKI on O2-17-91 at 6:40pm.

We also questioned Mr. DAHMER as to the night clubs he had visited in Chicago and he stated they were the Bistro 2, Carole's, the Vortex, Christopher's Street, the Lucky Horseshoe, Little Jim's and Roscoe's. He also stated that he visited Ram's (phonetic) book store, including the back viewing room, the Unicorn and the Man's country bath clubs.

In regards to gay bars he frequented or stopped at in Milwaukee stated they were the 219 Club, the Phoenix, C'est La Vie, LaCage, the Boot Camp, which was once or twice, the M&M Lounge, which was once, Partners, which was once, the Triangle and the Ballgame. He related that there may be one or two others but he could not recall the names of these at this time.

During this interview process, at approximately 3:25pm, <u>Dr. Ken SMAIL</u> arrived and he interviewed Jeffrey DAHMER until approximately 4:50pm at which time he left and Mr. DAHMER was given a couple more cigarettes, a cup of coffee, and was questioned regarding the nightclubs he had visited. Mr. DAHMER was then conveyed back to the Milwaukee County

## NARRATIVE

On Wednesday, 08-28-91, I received a phone call from Attorney Wendy PATRICKUS, indicating that her client, Jeffrey DAHMER, wish to speak with us, requesting that we obtain orders to produce, so that we can speak with him, and that she and Dr. SMAIL, could also converse with him at the CIB. Det. Patrick Kennedy & Myself

At approximately 1:15 we obtained an order, produced, picked up DAHMER, and conveyed him to the CIB. At that time I showed DAHMER a photograph we had received from the Chicago Police Dept., indicating a black male, who went by the name of Farley TELLADO. Upon DAHMER viewing this photo, he stated he does not know this individual, nor has he ever seen him. This individual has been missing since 06-29-91, and was last seen in his residence. DAHMER stated he has never heard the name, nor seen this individual.

DAHMER was then asked which moving company had moved him to his residence, at 924 N. 25th St., in May, 1990, because he originally stated that it was Atlas Moving Van. A check with Atlas showed that they had not moved him. DAHMER states that it might have been Allied, but he is not sure, but he believes the moving company began with an "A". We will attempt to question Allied Moving Co., to ascertain whether or not they have any records on their computer.

I then questioned DAHMER in regards to his stay in Miami, Florida, in 1981, when he was staying in the Bimini Bay Motel, and asked him what landmarks or other hotels were in the area, and he stated that the Bimini Bay Hotel was approximately 1 mile from the ocean, and about 1 mile down Collins Ave., was the Newport Hotel, and the Castaway Hotel. He stated that the Submarine Shop, where he worked, was approximately five blocks away from these hotels. He also stated that the Fountain Blue Hilton was three miles away on Collins Ave. He stated that the Sunshine Submarine Shop was located in like a mini mall, in a semi circle, off of Collins Ave., and you could get breakfast, dinner, or lunch, at this location. He states he does not know if this restaurant is still presently there, he could only recall what was there at the time he was there.

At approximately 1:45, Dr. SMAIL arrived to interview DAHMER, along with Attorney Wendy PATRICKUS. At approximately 2:25, Dr. SMAIL, and Attorney PATRICKUS remained until

around 4:00 p.m.

After Attorney PATRICKUS left, we again interviewed DAHMER regarding other correspondence we received regarding "missings", and we showed him a photograph of a white male who was known as Grant HOWELL, 09-19-63, and he was from Lake Station, Indiana. HOWELL was last seen in 1982, and his brother, Garnet HOWELL, was requesting assistance to ascertain whether or not DAHMER had in fact known his brother, or had seen him, or had associated with him. We showed DAHMER the photograph we had obtained from the HOWELL family, along with several other family photos, and he stated that he has never seen this individual, and he does not know him. Grant HOWELL will be contacted regarding this investigation, and informed of our results.

I then asked DAHMER whether or not he ever ate pizza at Giuseppi's Restaurant, located on Bluemound Ave., and Mayfair Rd., due to a letter that was received by Chief ARREOLA, from a citizen name David PETZOLD. PETZOLD stated that he believes he was confronted by DAHMER at Giuseppi's, on a Friday or Saturday night, during baseball season. He believes DAHMER attempted to persuade him to go with him. Upon questioning DAHMER regarding this, he stated he has never been at Giuseppi's, and the only pizza place he went to in that location was Pizza Hut, and he went there around March, because it was still cold out. He stated that he only had one of the five minute pan pizza's and then left. He stated he was waiting for a bus to go to Mayfair Mall, so he could buy fish supplies for his fish tank. DAHMER was then returned to the Milwaukee County Jail.

## NARRATIVE

On Wednesday, 08-28-91, I, Detective KENNEDY, along with Detective Dennis MURPHY, obtained a order to produce for the subject <u>Jeffrey DAHMER</u>, and conveyed him from the 5th fl., Sheriff's Dept., Lock Up, to the 4th fl., CIB interrogation room, where we met with the suspect, along with his Defense Attorney Wendy PATRICKUS.

At this time the suspect was asked a series of questions by Det. MURPHY, regarding information received from outside jurisdiction. His answers will be found in a detailed supplement filed by Det. MURPHY. At the end of the interview Attorney PATRICKUS left the building, and before taking the suspect back to the Milwaukee County Sheriff's Dept., he requested another cup of coffee, and a cigaret, at which time I complied, and he stated "is there anything else you wish to ask me regarding the offense?"

At this time I began to question DAHMER regarding the way in which he would decide which individuals to approach. This is related to individuals that eventually became victims of his. He stated that before going out for the evening, he generally would know whether or not he planned to commit a Homicide, and before going out he would by powderizing it, and leaving it in a glass on the counter top of his kitchen. He states once at the bar he would generally drink by himself, and observe the diffrent individuals in the gay establishment. He states that it did not matter the color, race, or ethnic heritage of any of his victims, as long as they met, what he would call, the physical profile. He stated this was generally from mid to late teens, to mid 20s, males with a medium height, slinder build, and generally smooth skin. He stated upon sitting in the taverns and drinking, he would notice one, maybe two or three, who fit this profile, and who he found attractive. He also stated that he generally looked for individuals that were alone, or not with a tight knit group. tes upon deciding which victim he found attractive, he would generally wait until approximately bar time, which would be the closing of the tavern, and then as the patrons were filing up, he would approach the victims, and ask them if they wish to accompany him home for either pictures, sexual contact, or for cocktails, many of the times offering them money. He states this was his general routine, except for times when he met some of his

Regarding the indivdual picked up in the mall, that being the victim, Konerak SINTHASOMPHONE. He states that he had been hanging around the Grand Avenue Mall that day, and was leaving the mall, exiting the Wisconsin Ave., exit, and as he was walking out, the victim, SINTHASOMPHONE, was entering the mall. He states upon seeing the individual he was immediately attractive to him, and struck up a conversation. It was at this time that he offered the individual money to return with him to his apartment for photographs. He states regarding other times in the mall, that there were several times that he walked throughout the mall, and would look for individuals that fit his physical profile, and he would approach them, and offer them money, however, many of the people who he talked with and offered money to, returned to his apartment with him refused, some even were hostile towards him.
